CONSTITUTION

OF THE

State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof, and for the better government of this State, ordain and establish this Constitution:

ARTICLE I

DECLARATION OF RIGHTS

That the great, general and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and Government of the United States, and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare:

SECTION 1. *The equality and rights of persons.* That we hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

SEC. 2. *Political power and government.* That all political power is vested in, and derived from, the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

SEC. 3. *Internal government of the State.* That the people of this State have the inherent, sole and exclusive right of regulating the internal government and police thereof, and of altering and abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right should be exercised in pursuance of law, and consistently with the Constitution of the United States.

SEC. 4. *That there is no right to secede.* That this State shall ever remain a member of the American Union; that the people thereof are a part of the American Nation; that there is no right on the part of the State to secede, and that all attempts, from whatever source or upon whatever pretext, to dissolve said Union or to sever said Nation, ought to be resisted with the whole power of the State.

SEC. 5. *Of allegiance to the United States Government.* That every citizen of this State owes paramount allegiance to the Constitution and Government of the United States, and that no law or ordinance of the State in contravention or subversion thereof can have any binding force.

SEC. 6. *Public debt; bonds issued under Ordinance of Convention of 1868, '68-'69, '69-'70, declared invalid; exception.* The State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave; nor shall the General Assembly assume or pay, or authorize the collection of any tax to pay, either directly or indirectly, expressed or implied, any debt or bond incurred, or issued, by authority of the Convention of the year one thousand eight hundred and sixty-eight, nor any debt or bond incurred or issued by the Legislature of the year one thousand eight hundred and sixty-eight, either at its special session of the year one thousand eight hundred and sixty-eight, or at its regular sessions of the years one thousand eight hundred and sixty-eight and one thousand eight hundred and sixty-nine, and one thousand eight hundred and sixty-nine and one thousand eight hundred and seventy, except the bonds issued to fund the interest on the old debt of the State, unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State, at a regular election held for that purpose.

SEC. 7. *Exclusive emoluments, etc.* No person or set of persons are entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

SEC. 8. *The legislative, executive and judicial powers distinct.* The legislative, executive, and supreme judicial powers of the government ought to be forever separate and distinct from each other.

SEC. 9. *Of the power of suspending laws.* All power of suspending laws, or the execution of laws, by any authority, without the consent of the representatives of the people, is injurious to their rights, and ought not to be exercised.

SEC. 10. *Elections free.* All elections ought to be free.

SEC. 11. *In criminal prosecutions.* In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

SEC. 12. *Answers to criminal charges.* No person shall be put to answer any criminal charge except as hereinafter allowed, but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the Legislature shall prescribe, waive indictment in all except capital cases.

SEC. 13. *Right of jury.* No person shall be convicted of any crime but by the unanimous verdict of a jury of good and lawful persons in open court. The Legislature may, however, provide other means of trial, for petty misdemeanors, with the right of appeal.

SEC. 14. *Excessive bail.* Excessive bail should not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

SEC. 15. *General warrants.* General warrants, whereby any officer or messenger may be commanded to search suspected places, without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and ought not to be granted.

SEC. 16. *Imprisonment for debt.* There shall be no imprisonment for debt in this State, except in cases of fraud.

SEC. 17. *No persons taken, etc., but by law of land.* No person ought to be taken, imprisoned or disseized of his freehold, liberties, or privileges, or outlawed or exiled, or in any manner deprived of his life, liberty or property, but by the law of the land.

SEC. 18. *Persons restrained of liberty.* Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the same, if unlawful; and such remedy ought not to be denied or delayed.

SEC. 19. *Controversies at law respecting property.* In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and ought to remain sacred and inviolable. No person shall be excluded from jury service on account of sex.

SEC. 20. *Freedom of the press.* The freedom of the press is one of the great bulwarks of liberty, and therefore ought never to be restrained, but every individual shall be held responsible for the abuse of the same.

SEC. 21. *Habeas corpus.* The privilege of the writ of habeas corpus shall not be suspended.

SEC. 22. *Property qualification.* As political rights and privileges are not dependent upon, or modified by, property, therefore no property qualification ought to affect the right to vote or hold office.

SEC. 23. *Representation and taxation.* The people of the State ought not be taxed, or made subject to the payment of any impost or duty without the consent of themselves, or their representatives in General Assembly, freely given.

SEC. 24. *Militia and the right to bear arms.* A well regulated militia being necessary to the security of a free State, the right of people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they ought not to be kept up, and the military should be kept under strict subordination to, and governed by, the civil power. Nothing herein contained shall justify the practice of carrying concealed weapons, or prevent the Legislature from enacting penal statutes against said practice.

SEC. 25. *Right of the people to assemble together.* The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the Legislature for redress of grievances. But secret political societies are dangerous to the liberties of a free people, and should not be tolerated.

SEC. 26. *Religious liberty.* All persons have natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority should, in any case whatever, control or interfere with the rights of conscience.

SEC. 27. *Education.* The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

SEC. 28. *Elections should be frequent.* For redress of grievances, and for amending and strengthening the laws, elections should be often held.

SEC. 29. *Recurrence to fundamental principles.* A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

SEC. 30. *Hereditary emoluments, etc.* No hereditary emoluments, privileges, or honors ought to be granted or conferred in this State.

SEC. 31. *Perpetuities, etc.* Perpetuities and monopolies are contrary to the genius of a free State, and ought not to be allowed.

SEC. 32. *Ex post facto laws.* Retrospective laws, punishing acts committed before the existence of such laws, and by them only declared criminal, are oppressive, unjust and incompatible with liberty; wherefore no *ex post facto law* ought to be made. No law taxing retrospectively sales, purchases, or other acts previously done, ought to be passed.

SEC. 33. *Slavery prohibited.* Slavery and involuntary servitude, otherwise than for crime, whereof the parties shall have been duly convicted, shall be, and are hereby, forever prohibited within the State.

Sec. 5. In the year 1967, and in each subsequent year, at the same time the other budgets are filed, the Elizabeth City-Pasquotank Board of Education shall file a supplemental budget and request that a sufficient levy be made by the Board of Commissioners on all taxable property located within said county not to exceed the rate voted by the people in said county. The expenditure of the proceeds of said levy shall be in accordance with the aforesaid supplemental budget as approved by the Board of

Commissioners. In the event of a disagreement between the Elizabeth City-Pasquotank Board of Education and the Board of Commissioners as to the amount of the supplemental tax levy to be made, such disagreement shall be resolved by the procedure provided in G. S. 115-87 and G. S. 115-88.

The treasurer so appointed shall continue to fill such position at the will of the Elizabeth City-Pasquotank Board of Education. No person authorized to make the expenditures or draw vouchers therefor, or to approve the same, shall act as treasurer of said funds. The treasurer shall give bond for the faithful performance of his duties in such amount as the Elizabeth City-Pasquotank Board of Education may prescribe, but in no event for less than twenty-five thousand dollars ($25,000.00). Such assistant secretary may perform the duties of the secretary of the said Board when the secretary is absent from any meeting or for any other reason is unable to perform his duties as secretary. The assistant secretary shall have authority to attest all contracts, conveyances, and other instruments which are required

by law to be attested by the secretary. The secretary, or in his absence the assistant secretary, shall keep the minutes of all meetings of the said Board and it shall be the duty of such secretary or assistant secretary to furnish each member of the said Board with a copy of the minutes as soon after any meeting as may be reasonably practicable. In addition to the election of a superintendent of schools in the manner provided by the general law, the said Board may employ such associate superintendents and assistant superintendents and such other administrative officers as it may deem necessary and proper, and prescribe their duties. They may be elected to serve at the pleasure of the Board for such terms as may be fixed by the Board, but the terms of any associate superintendents or assistant superintendents shall not exceed the term for which the superintendent is employed. Except as modified by other provisions of this Act, all principals and teachers shall be elected in the manner prescribed by the general law. The Board may delegate to the superintendent of schools, or to one or more associate superintendents or assistant superintendents or to other administrative officers, authority to employ and prescribe the duties of all other employees or classes of employees, including janitors and maids, and to fix the compensation within such limits as the Board may prescribe and to determine the terms or periods for which they shall be employed. The compensation of administrative officers of the Board shall be fixed by the Board. Out of any local supplement the Board may pay to any employee or employees such compensation, in addition to compensation paid such employee or employees by the State, as it may deem proper.

Sec. 8. The Elizabeth City-Pasquotank Board of Education as herein created may appoint school committees for some or all of the districts within Pasquotank County in accordance with the provisions of the general public school law, but said Board shall not be required to appoint school committees in all districts, and in any district within which no school committee is appointed, the Board itself shall exercise those functions which are given to school committees under the general law.

The City Board and the County Board shall have full and ample authority prior to July 1, 1967, to execute all such deeds and other writings as may be deemed necessary to vest record title to any such property in the Elizabeth City-Pasquotank Board of Education. All claims and demands of every kind which the City Board and the County Board may have as of July 1, 1967, shall pass and be transferred to the Elizabeth City-Pasquotank Board of Education, and said Board of Education shall have the same power and authority to enforce said claims and demands as said City Board and County Board would have had in the event of their continuing existence. Any obligations and liabilities of the City Board or County Board existing as of July 1, 1967, shall be and become the obligations and liabilities of the Elizabeth City-Pasquotank Board of Education, and such obligations and liabilities may

be enforced against said Elizabeth City-Pasquotank Board of Education to the same extent that they might have been enforced against the City Board or the County Board had they continued in existence. All unexpended taxes collected by the auditor or other proper officer of Pasquotank County on account of school supplement levies made within the City Administrative Unit prior to the first of July, 1967, shall be paid by the said auditor or other proper officer to the treasurer of the Elizabeth City-Pasquotank Board of Education on or before July 1, 1967.

Sec. 11. The compensation of the members of the Interim Elizabeth City-Pasquotank Board of Education and thereafter of the Elizabeth City-Pasquotank Board of Education is hereby fixed at fifteen dollars ($15.00) per meeting per member. The compensation of the chairman of the Interim Elizabeth City-Pasquotank Board of Education and thereafter of the Elizabeth City-Pasquotank Board of Education is hereby fixed at fifteen dollars ($15.00) per meeting plus one hundred and fifty dollars ($150.00) per annum.

Sec. 12. The Board of Elections shall within ten days after ratification of this Act by the General Assembly of North Carolina initiate the election process and shall set forth the date and time such election shall be held. At any special election or referendum, there shall be submitted to the vote of the people of Pasquotank County the question of the reorganization and consolidation of the City Board and County Board and the creation of one administrative board for all the public schools in Pasquotank County and for providing a supplemental school tax throughout Pasquotank County not to exceed sixteen cents (16¢) on the one hundred dollars ($100.00) valuation. If the majority of the votes so cast at said election or referendum is against such reorganization and consolidation and creation of the Elizabeth City-Pasquotank Board of Education and is against such supplemental school tax, then in such event, the preceding Sections of this Act shall not become operative.

Sec. 13. All general or public laws inconsistent with and in conflict with this Act are hereby repealed.

The Interim Edenton-Chowan Board of Education shall have power and authority to prepare and submit to the Board of County Commissioners all necessary budgets, including supplemental budgets and at the time required by law shall prepare and submit to the Board of Commissioners all necessary capital outlay, debt service, current expense budgets, including proper notice to the Board of Commissioners to include any supplemental tax with all other taxes to be levied by the Board of Commissioners for school purposes. The Board of Commissioners may approve or disapprove all budgets, in whole or in part, and shall levy such taxes as are necessary to provide for the approved budget, including the supplemental purposes, not exceeding the amount of the tax levy authorized by vote of the people. The Interim Edenton-Chowan Board of Education shall expend all funds in conformity with the approved budgets, and in the event of a disagreement between the Interim Edenton-Chowan Board of Education and the Board of Commissioners as to the amount of the supplemental tax levy to be made or as to any budgetary items, such disagreement shall be resolved by the procedure provided by the General Statutes of North Carolina in Section 115-87 and Section 115-88. When the Interim Edenton-Chowan Board of Education shall assume authority as herein provided in this Act, all authority and power of the City Board and County Board shall cease and terminate, and the same shall be vested in the Interim Edenton-Chowan Board of Education. The Interim Edenton-Chowan Board of Education is authorized and empowered to employ a Superintendent, Associate Superintendent or Assistant Superintendent, and to employ all necessary principals, teachers, clerical assistants, janitors, maids, and all other necessary school employees and personnel as now provided by the Public School Law, provided that no present employee of the Edenton City or Chowan County Board of Education shall lose his employment or be lowered in salary because of the provisions of this merger. In the event the Interim Edenton-Chowan Board

Sec. 5. In the year 1971, and in each subsequent year, at the same time the other budgets are filed, the Edenton-Chowan Board of Education shall file a supplemental budget and request that a sufficient levy be made by the Board of Commissioners on all taxable property located within said county not to exceed the rate voted by the people in said county. The Board of Commissioners may approve or disapprove the supplemental budget, in whole or in part, and shall levy such taxes as are necessary to provide for the approved budget for supplemental purposes, not exceeding the amount of the tax levy authorized by the vote of the people. The expenditure of the proceeds of said levy shall be in accordance with the aforesaid supplemental budget as approved by the Board of Commissioners. In the event of a disagreement between the Edenton-Chowan Board of Education and the Board of Commissioners as to the amount of the supplemental tax levy to be made, such disagreement shall be resolved by the procedure provided in G. S. 115-87 and G. S. 115-88.

Sec. 6. The Interim Edenton-Chowan Board of Education shall appoint a treasurer of all the school funds which are appropriated and provided for all the public schools of the county; provided that all school debt service funds shall be deposited with the County Treasurer in the manner specified by the General Statutes of North Carolina. The treasurer so appointed shall continue to fill such position at the will of the Interim Edenton-Chowan Board of Education, until January 1, 1971, and thereafter at the will of the Edenton-Chowan Board of Education. No person authorized to make the expenditures or draw vouchers therefor, or to approve the same, shall act as treasurer of said funds. The treasurer shall give bond for the faithful performance of his duties in such amount as the Interim Edenton-Chowan Board of Education may prescribe, and after January 1, 1971, as may be prescribed by the Edenton-Chowan Board of Education, but in no event shall said bond be for less than twenty-five thousand dollars ($25,000.00). Except as herein otherwise provided, treasurer shall perform the duties prescribed by the applicable provisions of Chapter 115 of the General Statutes as amended, and as the same may be hereafter revised and amended, and shall be subject to all such provisions. All sums appropriated by said Board of Commissioners for capital outlay, current expenses and to supplement the current expenses fund from State and County allotments shall be paid over to said treasurer at reasonable periods after the receipt of said funds by the Auditor or other proper official of Chowan County; provided, however, that the Board of Commissioners shall hold and administer the proceeds of school bond sales as now provided by law; provided further that the County Accountant shall countersign all checks, warrants, and orders of the Board of Education, as provided by Section 115-90 of the General Statutes of North Carolina. In accordance with the provisions of G. S. 115-50 (Replacement 1960) as

amended, the monthly payroll therein provided for, as to each school, shall be signed by the principal of the school, and it shall not be required that Committee Chairmen sign the same. Whenever the Interim Edenton-Chowan Board of Education, and thereafter the Edenton-Chowan Board of Education shall take office as herein provided, shall have authorized the execution of any contract, conveyance, or other instrument, the Vice Chairman shall have the same authority as the Chairman to execute the same on behalf of such Board. In the event of the absence or inability of both the Chairman and Vice Chairman to attend any meeting or meetings, the Interim Edenton-Chowan Board of Education, and thereafter the Edenton-Chowan Board of Education, by resolution duly adopted and spread upon the minutes of any meeting, may authorize any other member to execute any contract, for and on behalf of such Board.

Sec. 7. The superintendent of schools shall be ex officio secretary of the Interim Edenton-Chowan Board of Education, and thereafter for the Edenton-Chowan Board of Education, as provided by G. S. 115-56. The said Board may elect an assistant secretary to serve at the pleasure of said Board. The assistant secretary may be, but shall not be required to be, a member of the said Board. Such assistant secretary may perform the duties of the secretary of the said Board when the secretary is absent from any meeting or for any other reason he is unable to perform his duties as secretary. The assistant secretary shall have authority to attest all contracts, conveyances, and other instruments which are required by law to be attested by the secretary. The secretary, or in his absence the assistant secretary, shall keep the minutes of all meetings of the said Board and it shall be the duty of such secretary or assistant secretary to furnish each member of the said Board with a copy of the minutes as soon after any meeting as may be reasonably practicable. In addition to the election of a superintendent of schools in the manner provided by the general law, the said Board may employ such associate superintendents and assistant superintendents and such other administrative officers as it may deem necessary and proper, and prescribe their duties. They may be elected to serve at the pleasure of the Board for such terms as may be fixed by the Board, but the terms of any associate superintendents or assistant superintendents shall not exceed the term for which the superintendent is employed. Except as modified by other provisions of this Act, all principals and teachers shall be elected in the manner prescribed by the general law. The Board may delegate to the superintendent of schools, or to one or more associate superintendents or assistant superintendents or to other administrative officers, authority to employ and prescribe the duties of all other employees or classes of employees, including janitors and maids, and to fix the compensation within such limits as the Board may prescribe and to determine the terms or periods for which they shall be employed. The compensation of administrative officers of the Board shall be fixed by the Board. Out of any local supplement the Board may pay to any employee or employees such compensation, in addition to compensation paid such employee or employees by the State, as it may deem proper.

Sec. 8. The Interim Edenton-Chowan Board of Education, and thereafter the Edenton-Chowan Board of Education, as herein created, may

appoint school committees for some or all of the districts within Chowan County in accordance with the provisions of the general public school law, but neither of said boards shall be required to appoint school committees in any of the districts, and in any district within which no school committee is appointed, the Interim Edenton-Chowan Board of Education, and thereafter the Edenton-Chowan Board of Education shall itself exercise those functions which are given to school committees under the general law.

Sec. 9. Title to all property of the City Board of Education and all property of the County Board of Education, both real and personal, of every kind and description, shall be vested in the Interim Edenton-Chowan Board of Education as of the first day of the month following the referendum or election of the voters of Chowan County approving said merger. Thereafter, on January 1, 1971, all of the property, both real and personal, of every kind and description, vested in the Interim Edenton-Chowan Board of Education shall be vested in the Edenton-Chowan Board of Education. The City Board and the County Board shall have full and ample authority prior to the merging of said Boards to execute all such deeds and other writings as may be deemed necessary to vest record title to any such property in the Interim Edenton-Chowan Board of Education. All claims and demands of every kind which the City Board and the County Board may have prior to the merger of said Boards, shall pass and be transferred to the Interim Edenton-Chowan Board of Education, and said Interim Edenton-Chowan Board of Education shall have the same power and authority to enforce said claims and demands as said City Board and County Board would have had in the event of their continuing existence. Any obligations and liabilities of the City Board or County Board existing prior to the merger of the said Boards shall be and become the obligations and liabilities of the Interim Edenton-Chowan Board of Education and thereafter the Edenton-Chowan Board of Education, and such obligations and liabilities may be enforced against said Interim Edenton-Chowan Board of Education, thereafter the Edenton-Chowan Board of Education, to the same extent that they might have been enforced against the City Board or the County Board had they continued in existence. All unexpended taxes collected by the auditor or other proper officer of Chowan County on account of school supplement levies made within the first and fourth townships prior to the merger of said Boards shall be paid by the said Auditor or other proper officer to the treasurer of the Interim Edenton-Chowan Board of Education as soon as is reasonably possible after the merger of said Boards.

Sec. 10. The compensation of the Chairman of the Interim Edenton-Chowan Board of Education, and thereafter the Edenton-Chowan Board of Education, is hereby fixed at fifteen dollars ($15.00) per meeting and the compensation of the other members of said Board is hereby fixed at ten dollars ($10.00) per member per meeting.

Sec. 11. The Board of Commissioners shall direct that the Board of Elections call a special election or referendum on such date and at such time as shall be designated by the Board of Commissioners on the question of the approval of this Act. If no special election or referendum is called, then an election or referendum on the question of the approval of this Act

shall be held in Chowan County at the general election for State and County officers in the year 1968. In the event a special election or referendum is called by the Board of Elections of Chowan County, and the provisions of G. S. 115-116 (g) and other provisions of Article 14 of Chapter 115 of the General Statutes, dealing with elections and related matters, shall be applicable to said special election or referendum insofar as they are not inconsistent with the provisions of this Act. At any special election or referendum or at any election or referendum held at the time of the election of State and County officers in the year 1968, there shall be submitted to the vote of the people of Chowan County the question of the reorganization and consolidation of the City Board and County Board and the creation of one administrative board for all the public schools in Chowan County and for providing a supplemental school tax throughout Chowan County not to exceed fifteen cents (15¢) on the one hundred dollars ($100.00) valuation. Said supplemental school tax shall be in lieu of any and all supplemental school taxes presently enforced in the First and Fourth Townships of said County. The ballot at such special election or referendum or at such election or referendum held at the time of the general election of State and County officers in 1968, as the case may be, shall contain substantially the following:

"For consolidation and reorganization of the Edenton City Board of Education and the Chowan County Board of Education and the creation of one administrative board for all of the public schools in Chowan County and a supplemental school tax throughout Chowan County not to exceed fifteen cents (15¢) on the one hundred dollars ($100.00) valuation."
"Against consolidation and reorganization of the Edenton City Board of Education and the Chowan County Board of Education and the creation of one administrative board for all of the public schools in Chowan County and a supplemental school tax throughout Chowan County not to exceed fifteen cents (15¢) on the one hundred dollars ($100.00) valuation."

If at such election or referendum whether the same be a special election or referendum or whether the same be held at the time of the general election in 1968, the majority of the votes cast favor the reorganization and consolidation of the City Board and County Board and the creation of the Interim Edenton-Chowan Board of Education, and thereafter the Edenton-Chowan Board of Education, and a supplemental school tax not to exceed fifteen cents (15¢) on the one hundred dollars ($100.00) valuation, the preceding Sections of this Act shall be operative as of the first Monday of the month following the results and determination of said election or referendum, with the exception of those Sections which by their nature would become operative prior to said date, and the supplemental school tax authorization shall become effective on July 1 next following the election. If the majority of the votes so cast at said election or referendum is against such reorganization and consolidation and creation of the Interim Edenton-Chowan Board of Education, thereafter the Edenton-Chowan Board of Education, and is against such supplemental school tax, then in such event, the preceding Sections of this Act shall not become operative.

Sec. 12. All general or public laws inconsistent with and in conflict with this Act to said extent are hereby repealed.

Sec. 13. All Special, Local, Public-Local or Private Laws inconsistent with and in conflict with this Act are hereby repealed.

Sec. 14. If any clause, sentence, paragraph or provisions of this Act shall for any reason be adjudged by any court to be unconstitutional or invalid, such judgment shall not affect or invalidate the remainder of this Act but shall be confined in its operation to the clause, sentence, paragraph or provision adjudged unconstitutional or invalid.

Sec. 15. This Act shall be in full force and effect from and after its ratification.

(b) From any final judgment of a Superior Court, other than one described in subsection (a) of this Section or one entered in a post-conviction hearing under Article 22 of Chapter 15, including any final judgment entered upon review of a decision of an administrative agency, appeal lies of right to the Court of Appeals.

(c) From any final judgment of a district Court in a civil action appeal lies of right directly to the Court of Appeals.

(d) From any interlocutory order or judgment of a Superior Court or district Court in a civil action or proceeding which

(1) affects a substantial right, or

(2) in effect determines the action and prevents a judgment from which appeal might be taken, or

(3) discontinues the action, or

(4) grants or refuses a new trial, appeal lies of right directly to the Court of Appeals.

Sec. 7A-28. Decisions of Court of Appeals in Post-Conviction Proceedings Final. Decisions of the Court of Appeals rendered upon review of post-conviction proceedings conducted under Article 22 of Chapter 15 are final and not subject to further review in the General Court of Justice by appeal, certification, writ, or otherwise.

Sec. 7A-29. Appeals of Right from Certain Administrative Agencies. From any final order or decision of the North Carolina Utilities Commission or of the North Carolina Industrial Commission, appeal lies of right directly to the Court of Appeals.

Sec. 7A-30. Appeals of Right from Certain Decisions of the Court of Appeals. Except as provided in Section 7A-28, from any decision of the Court of Appeals rendered in a case

(1) which directly involves a substantial question arising under the Constitution of the United States or of this State, or

(2) in which there is a dissent, or

(3) which involves review of a decision of the North Carolina Utilities Commission in a general rate-making case, an appeal lies of right to the Supreme Court.

Sec. 7A-31. Discretionary Review by the Supreme Court. (a) In any cause in which appeal has been taken to the Court of Appeals, except a cause appealed from the North Carolina Utilities Commission or the North Carolina Industrial Commission, and except a cause involving review of a post-conviction proceeding under Article 22, Chapter 15, the Supreme Court may in its discretion, on motion of any party to the cause or on its

own motion, certify the cause for review by the Supreme Court, either before or after it has been determined by the Court of Appeals. A cause appealed to the Court of Appeals from the Utilities Commission or the Industrial Commission may be certified in similar fashion but only after determination of the cause in the Court of Appeals. The effect of such certification is to transfer the cause from the Court of Appeals to the Supreme Court for review by the Supreme Court. If the cause is certified for transfer to the Supreme Court before its determination in the Court of Appeals, review is not had in the Court of Appeals but the cause is forthwith transferred for review in the first instance by the Supreme Court. If the cause is certified for transfer to the Supreme Court after its determination by the Court of Appeals, the Supreme Court reviews the decision of the Court of Appeals.

(b) In causes subject to certification under subsection (a) of this Section, certification may be made by the Supreme Court before determination of the cause by the Court of Appeals when in the opinion of the Supreme Court

(1) the subject matter of the appeal has significant public interest, or

(2) the cause involves legal principles of major significance to the jurisprudence of the State, or

(3) delay in final adjudication is likely to result from failure to certify and thereby cause substantial harm, or

(4) the work load of the Courts of the Appellate Division is such that the expeditious administration of justice requires certification.

(c) In causes subject to certification under subsection (a) of this Section, certification may be made by the Supreme Court after determination of the cause by the Court of Appeals when in the opinion of the Supreme Court

(1) the subject matter of the appeal has significant public interest, or

(2) the cause involves legal principles of major significance to the jurisprudence of the State, or

(3) the decision of the Court of Appeals appears likely to be in conflict with a decision of the Supreme Court. Interlocutory determinations by the Court of Appeals, including orders remanding the cause for a new trial or for other proceedings, shall be certified for review by the Supreme Court only upon a determination by the Supreme Court that failure to certify would cause a delay in final adjudication which would probably result in substantial harm.

(d) The procedure for certification by the Supreme Court on its own motion, or upon petition of a party, shall be prescribed by rule of the Supreme Court.

Sec. 7A-32. Power of Supreme Court and Court of Appeals to Issue Remedial Writs. (a) The Supreme Court and the Court of Appeals have jurisdiction, exercisable by any one of the Justices or Judges of the respective Courts, to issue the writ of habeas corpus upon the application of any person described in G. S. 17-3, according to the practice and procedure provided therefor in Chapter 17 of the General Statutes, and to rule of the Supreme Court.

(b) The Supreme Court has jurisdiction, exercisable by one Justice or by such number of Justices as the Court may by rule provide, to issue the prerogative writs, including mandamus, prohibition, certiorari, and supersedeas, in aid of its own jurisdiction or in exercise of its general power to supervise and control the proceedings of any of the other Courts of the General Court of Justice. The practice and procedure shall be as provided by statute or rule of the Supreme Court, or, in the absence of statute or rule, according to the practice and procedure of the common law.

(c) The Court of Appeals has jurisdiction, exercisable by one Judge or by such number of Judges as the Supreme Court may by rule provide, to issue the prerogative writs, including mandamus, prohibition, certiorari, and supersedeas, in aid of its own jurisdiction, or to supervise and control the proceedings of any of the trial Courts of the General Court of Justice, and of the Utilities Commission and the Industrial Commission. The practice and procedure shall be as provided by statute or rule of the Supreme Court, or, in the absence of statute or rule, according to the practice and procedure of the common law.

Sec. 7A-33. Supreme Court to Prescribe Appellate Division Rules of Practice and Procedure. The Supreme Court shall prescribe rules of practice and procedure designed to procure the expeditious and inexpensive disposition of all litigation in the Appellate Division.

Sec. 7A-34. Rules of Practice and Procedure in Trial Courts. The Supreme Court is hereby authorized to prescribe rules of practice and procedure for the Superior and District Courts supplementary to, and not inconsistent with, Acts of the General Assembly.

Sec. 7A-35. Disposition of Appeals During Transitional Period. (a) Civil cases tried in the District Court in which notice of appeal to the Superior Court has been given on or before September 30, 1967, and which have not been finally determined in the Superior Court on that date, shall be disposed of as provided by rule of the Supreme Court, and the jurisdiction of the Superior Court over civil appeals from the District Court continues to the extent necessary for this purpose.

(b) All cases in which notice of appeal from the Superior Court to the Supreme Court has been given on or before September 30, 1967, and which have not been finally determined on that date, shall be disposed of in accordance with the laws and rules governing such appeals which were applicable immediately prior to the effective date of this Article.

(c) On and after October 1, 1967, all causes appealed to the Appellate Division from the Utilities Commission, the Industrial Commission, the District Court in civil cases, or the Superior Court, other than criminal cases which impose a sentence of death or life imprisonment, shall be filed with the Clerk of the Court of Appeals.

(d) The Supreme Court by rule shall implement this Section to the end that all causes appealed from the trial divisions to the Appellate Division during the period of transition from the existing judicial structure to a fully operational General Court of Justice are processed efficiently and without prejudice or inconvenience to any litigant.

Sec. 7A-36. Effective Date. This Article shall become effective on September 30, 1967.

If the board adopts an ordinance regulating the subdivision of land, no subdivision plat shall be filed or recorded until it shall have been submitted to and approved by the board and such approval entered in writing on the plat by the city clerk, provided a copy of such ordinance shall be filed with the Register of Deeds of Catawba County. The Register of Deeds upon receipt of such ordinance shall not thereafter file or record a plat of a subdivision of land located within the territorial jurisdiction of the city as herein defined without the approval of such plat by the board. The owner of land shown on a subdivision plat submitted for recording, or his authorized agent, shall sign a statement on the plat stating whether or not any land shown thereon is within the territorial jurisdiction of the city as herein defined. The Clerk of Superior Court of Catawba County shall not order or direct this recording of a plat where such recording would be in conflict with this Section.

Section 15.4. Subdivision Regulations. Prior to exercising the powers granted by this Article, the board shall by ordinance adopted pursuant to this Article adopt regulations governing the subdivision of land within its platting jurisdiction as defined in Section 15.1 of this Article. The ordinance shall require that at least a preliminary plea of every proposed subdivision shall be submitted for study, recommendation and tentative approval to the board or to the planning board or commission.

The ordinance may provide for the orderly development of the city and its environs; for the coordination of streets within proposed subdivisions with existing or planned streets or with other public facilities; for the dedication or reservations of rights-of-way or easements for street and utility purposes; and for the distribution of population and traffic which shall avoid congestion and over-crowding, and which shall create conditions essential to public health, safety, and general welfare.

The ordinance may include requirements for the final plat to show sufficient data to determine readily and reproduce accurately on the ground the location, bearing, and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformance with good surveying practice.

The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities, including water lines; sewer lines, street paving, curbing and guttering, and street drainage facilities in accordance with policies and standards established by the board and, to assure compliance with such requirements, the ordinance may require the posting of bond or other such methods as shall offer guarantee of compliance.

Section 15.5. Effect of Plat Approval on Status of Dedications. The approval of a plat by the board shall not be deemed to constitute or effect the acceptance by the city or the public of the dedication of any street or other ground, public utility line, or other public facility shown upon the plat.

Section 15.6. Penalties for Transferring Lots in Unapproved Subdivision. If the board adopts an ordinance regulating the subdivision of land as authorized by this Article, any person, who, being the owner or agent of the owner of any land located within the platting jurisdiction of the city as defined by Section 15.1 of this Article, thereafter transfers or sells such land by reference to a plat showing a subdivision of such land before such plat has been approved by the board and recorded in the Register of Deeds' office, shall be guilty of a misdemeanor, and the description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties. The city, through the city attorney or other official designated by the board, may enjoin such transfer or sale by action for injunction.

Section 15.7. Definitions. For purposes of this Article, a "subdivision" shall include all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions for the purpose, whether immediate or future, of sale, or building developments, and shall include all divisions of land involving the dedication of a new street or a change in existing streets; provided, however, that the following shall not be included within this definition nor be subject to the regulations authorized by this Article: (a) The combination or recombination of portions of previously platted lots where the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the city as shown in its subdivision regulations; (b) The division of land into parcels greater than five acres where no street right-of-way dedication is involved; (c) The public acquisition by purchase of strips of land for the widening or opening of streets; (d) The division of a tract in single ownership whose entire area is no greater than two acres into not more than three lots, where no street right-of-way dedication is involved and where the resultant lots are equal to or exceed the standards of the city, as shown in its subdivision regulations.

"Sec. 7. All officers within the meaning of this Act, after having served as such for a period of 20 years or more in the service of the municipality of the City of Greensboro, such services to be computed from actual time of service, whether commencing before or after the ratification of this Act, who shall have attained the age of 50 years, may, in the discretion of the board, be retired on a pension, to be determined by the board, and not in excess of one hundred dollars ($100.00) per month, said application for retirement pension being considered by the board upon voluntary application of such officer, or upon recommendation of the municipal governing body of the City of Greensboro, in whose services such officer shall be; and all officers pensioned in accordance with the provisions of this Section shall receive a minimum pension of fifty dollars ($50.00) per month. In the event that the income received from interest on investment of capital funds on hand, plus the amount collected as provided in Section 5 of this Act, is not sufficient to pay such maximum benefits as provided above to each person pensioned, the remainder needed may be paid from the principal of the reserve fund, subject however to the limitations as prescribed by Section 11.1 in the event said Section becomes applicable. All amounts received for the reserve fund herein provided, except the payments as above mentioned, shall become a part of the capital of the reserve fund. This fund shall not be reduced to an amount less than the total liability of the fund at any given time for those retired members and dependents receiving benefits on the day of the consenting vote; the benefits offered shall be as provided in Sections 6 and 7, except that in the sound judgment and discretion of the Board of Directors maximum benefits as contained in Sections 6 and 7 may be increased up to an amount not to exceed one hundred per cent (100%) of those benefits offered thereunder. Should this perpetual retirement fund be created, then through assessments levied against the membership of the fund, the amount of which to be determined by the Board of Directors, and any other income which may be derived under Section 5 hereof, there shall be provided income to meet current obligations of the fund and, in the discretion of the board, out of the balance of the income received, there shall be provided a reasonable amount equivalent to a portion of the liability of the fund to be allocated to the capital reserve fund for the current year. AN ACT TO PROVIDE FOR THE STATE OF NORTH CAROLINA TO ENTER INTO THE INTERSTATE LIBRARY COMPACT.

The General Assembly of North Carolina do enact:

Section 1. The Interstate Library Compact is hereby enacted into law and entered into by this State with all states legally joining therein in the form substantially as follows:

"INTERSTATE LIBRARY COMPACT

"Article I. Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis, and to authorize cooperation and sharing among localities, states and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

"Article II. Definitions

As used in this compact: (a) 'Public library agency' means any unit or agency of local or State government operating or having power to operate a library.

(b) 'Private library agency' means any nongovernmental entity which operates or assumes a legal obligation to operate a library.

(c) 'Library agreement' means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.

"Article III.

Interstate Library Districts

(a) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

1. Undertake, administer and participate in programs or arrangements for securing, lending or servicing of books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof.

2. Accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, (conditional or otherwise), from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.

3. Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.

4. Employ professional, technical, clerical and other personnel, and fix terms of employment, compensation and other appropriate benefits; and where desirable, provide for the in-service training of such personnel.

5. Sue and be sued in any court of competent jurisdiction.

6. Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.

7. Construct, maintain and operate a library, including any appropriate branches thereof.

8. Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

"Article IV. Interstate Library
Districts, Governing Board

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

"Article V.
State Library Agency Cooperation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall contain provisions covering the subjects detailed in Article VI of this compact for interstate library agreements.

"Article VI. Library Agreements

(a) In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreement:

1. Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.

2. Provide for the allocation of costs and other financial responsibilities.

3. Specify the respective rights, duties, obligations and liabilities of the parties.

4. Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution or statutes of its state.

(c) No library agreement shall become effective until filed with the compact administrator of each state involved, and approved in accordance with Article VII of this compact.

"Article VII.

Approval of Library Agreements

(a) Every library agreement made pursuant to this compact shall, prior to and as condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within 90 days of its submission shall constitute approval thereof.

(b) In the event that a library agreement made pursuant to this compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as to all matters within his or its jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to paragraph (a) of this Article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

"Article VIII. Other Laws Applicable

Nothing in this compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

"Article IX. Appropriations and Aid

(a) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and Federal aid which may be available to library agencies.

"Article X. Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

"Article XI.

Entry into Force and Withdrawal

(a) This compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This compact shall continue in force with respect to a party state and remain binding upon such state until six months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

"Article XII.

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters."

Sec. 2. No county, municipality, or other political subdivision of this State shall be party to a library agreement which provides for the construction or maintenance of a library pursuant to Article III, subdivision (c) 7 of the compact, nor pledge its credit in support of such a library, or contribute to the capital financing thereof, except after compliance with any laws applicable to such counties, municipalities, or other political subdivisions relating to or governing capital outlays and the pledging of credit.

Sec. 3. As used in the compact, "state library agency", with reference to this State, means The North Carolina State Library.

Sec. 4. An interstate library district lying partly within this State may claim and be entitled to receive State aid in support of any of its functions to the same extent and in the same manner as such functions

are eligible for support when carried on by entities wholly within this State. For the purposes of computing and apportioning State aid to an interstate library district, this State will consider that portion of the area which lies within this State as an independent entity for the performance of the aided function or functions and compute and apportion the aid accordingly. Subject to any applicable laws of this State, such a district also may apply for and be entitled to receive any Federal aid for which it may be eligible.

Sec. 5. The State Librarian shall be the compact administrator pursuant to Article X of the compact. The State Librarian may appoint one or more deputy compact administrators pursuant to said Article.

Sec. 6. In the event of withdrawal from the compact the Governor shall send and receive any notices required by Article XI (b) of the compact.

Sec. 7. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 8. This Act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 12th day of April, 1967.

The General Assembly of North Carolina do enact:

Section 1. Chapter 9 of the General Statutes is hereby rewritten to read as follows:

"CHAPTER 9. JURORS

Article 1. Jury Commissions, Preparation of Jury Lists, and Drawing of Panels.

Sec. 9-1. Jury Commission in Each County; Membership; Selection; Oath; Terms. Not later than October 1, 1967, there shall be appointed in each county a jury commission of three members. One member of the commission shall be appointed by the senior regular resident Superior Court Judge, one member by the Clerk of Superior Court, and one member by the board of county commissioners. The appointees shall be qualified voters of the county, and shall serve for terms of two years. Appointees may be reappointed to successive terms. A vacancy in the commission shall be filled in the same manner as the original appointment, for the unexpired term. Each commissioner shall take an oath or affirmation that, without favor or prejudice, he will honestly perform the duties of a member of the jury commission during his term of service. The compensation of commissioners shall be fixed by the board of county commissioners, and shall be paid from the general fund of the county. The Clerk of Superior Court shall furnish clerical assistance to the commission, as necessary.

Sec. 9-2. Preparation of Jury List; Sources of Names. It shall be the duty of the jury commission at least 30 days prior to January 1, 1968, and each biennium thereafter, to prepare a list of prospective jurors to serve in the ensuing biennium. In preparing the list, the jury commission shall use the tax lists of the county and voter registration records, and, in addition, may use any other source of names deemed by it to be reliable, but it shall exercise reasonable care to avoid duplication of names. The commission may use less than all of the names from any one source if it uses a systematic selection procedure (e.g., every second name), and provided the list contains approximately three times as many names as were drawn for jury duty in all courts in the county during the previous biennium.

Sec. 9-3. Qualifications of Prospective Jurors. All persons are qualified to serve as jurors and to be included on the jury list who are citizens of the State and residents of the county, who have not served as jurors during the preceding two years, who are twenty-one years of age or over, who are physically and mentally competent, who have not been convicted of a felony or pleaded nolo contendere to an indictment charging a felony, and who have not been adjudged non compos mentis. Persons not qualified under this Section are subject to challenge for cause.

Sec. 9-4. Preparation and Custody of List. As the jury list is prepared, the name and address of each person selected for the list shall be written on a separate card. The cards shall then be alphabetized and permanently numbered, the numbers running consecutively with a different number on each card. These cards shall constitute the jury list for the county. They shall be filed with the register of deeds of the county, together with a statement of the sources used and procedures followed in preparing the list. The list shall be kept under lock and key, but shall be available for public inspection during regular office hours.

Sec. 9-5. Procedure for Drawing Panel of Jurors; Numbers Drawn. The board of county commissioners in each county shall provide the Clerk of Superior Court with a jury box, the construction and dimensions of which shall be prescribed by the Administrative Officer of the Courts. At least 30 days prior to January 1 of any year for which a list of prospective jurors has been prepared, a number of discs, squares, counters or markers equal to the number of names on the jury list shall be placed in the jury box. The discs, squares, counters, or markers shall be uniform in size, weight, and appearance, and may be made of any suitable material. They shall be numbered consecutively to correspond with the numbers on the jury list. The jury box shall be of sufficient size to hold the discs, squares, counters or markers so that they may be easily shaken and mixed, and the box shall have a hinged lid through which the discs, squares, counters or markers can be drawn. The lid shall have a lock, the key to which shall be kept by the Clerk of Superior Court.

At least 30 days prior to any session or sessions of Superior or District Court requiring a jury, the Clerk of Superior Court or his assistant or deputy shall, in public, after thoroughly shaking the box, draw therefrom the number of discs, squares, counters, or markers equal to the number of jurors required for the session or sessions scheduled. For each week of a Superior Court session, the senior regular resident Superior Court Judge shall specify the number of jurors to be drawn. For each week of a District Court jury session, the chief District Judge shall specify the number of jurors to be drawn. Pooling of jurors between or among concurrent sessions of various courts is authorized, and when utilized, the senior regular resident Superior Court Judge, after consultation with the chief District Judge when a District Court jury is required, shall specify the total number of jurors to be drawn for such concurrent sessions. When grand jurors are needed, nine additional numbers shall be drawn.

As the discs, squares, counters, or markers are drawn, they shall be separately stored by the clerk until a new jury list is prepared.

The Clerk of Superior Court shall deliver the list of numbers drawn from the jury box to the register of deeds, who shall match the numbers received with the numbers on the jury list. The register of deeds shall within three days thereafter notify the sheriff to summon for jury duty the persons on the jury list whose numbers are thus matched. The persons so summoned may serve as jurors in either the Superior or the District Court, or both, for the week for which summoned. Jurors who serve each week shall be discharged at the close of the weekly session or sessions, unless actually engaged in the trial of a case, and then they shall not be discharged until their service in that case is completed.

Sec. 9-6. Jury Service a Public Duty; Excuses to be Allowed in Exceptional Cases; Procedure. (a) The General Assembly hereby declares the public policy of this State to be that jury service is the solemn obligation of all qualified citizens, and that excuses from the discharge of this responsibility should be granted only for reasons of compelling personal hardship or because requiring service would be contrary to the public welfare, health, or safety.

(b) Pursuant to the foregoing policy, the chief District Judge of each district shall promulgate procedures whereby he or any District Judge designated by him, prior to the date that a jury session (or sessions) of Superior or District Court convenes, shall receive, hear, and pass on applications for excuses from jury duty. Until the District Court has been established in a county, the senior regular resident Superior Court Judge of the district shall promulgate the procedures to carry out the policy set forth in this Section, and shall designate himself or another Superior Court Judge or Judges to hear and pass on applications. The procedure shall provide for the time and place, publicly announced, at which applications for excuses will be heard, and prospective jurors who have been summoned for service shall be so informed.

(c) A prospective juror excused by a judge in the exercise of the discretion conferred by subsection (b) may be required by the judge to serve as a juror in a subsequent session of court.

(d) A judge hearing applications for excuses from jury duty shall excuse any person disqualified under Section 9-3.

(e) The judge shall inform the Clerk of Superior Court of persons excused under this Section, and the clerk shall so notify the register of deeds, who shall note the excuse on the juror's card and file it separately from the jury list.

(f) The discretionary authority of a presiding judge to excuse a juror at the beginning of or during a session of court is not affected by this Section.

Sec. 9-7. Removal of Names of Jurors Who Have Served From Jury List; Retention. As persons are summoned for jury service, the cards upon which their names appear shall be withdrawn from the jury list and filed separately. The dates for which each juror serves shall be noted on his card.

All cards removed from the jury list because of service, or having been excused from service, or because of disqualification, shall be retained for reference in compiling the next jury list. When the succeeding list has been prepared, the list of persons who have served shall be retained for a period of two years.

Sec. 9-8. Fees of Jurors. All jurors in the Superior Court shall receive such compensation as the board of county commissioners shall fix, not less than three dollars ($3.00) and not more than eight dollars ($8.00) per day; provided, that the board of county commissioners may establish different rates of compensation for different classes of Superior Court jurors within the limitations set out above. A board of county commissioners may fix the compensation of jurors to pass upon the competency of any person, under the provisions of Chapter 35, Article 2, of the General

Statutes, at not less than one dollar ($1.00) per day and not more than six dollars ($6.00) per day.

In addition to the compensation provided for above, all jurors shall receive a travel allowance of five cents (5¢) per mile for travel to the seat of court and return home, the distance to be computed by the usual route of public travel; provided, that this allowance shall be paid once per calendar week for each calendar week in which attendance is required.

This Section shall cease to be effective in each county on the date that a District Court is established therein, and thereupon G. S. 7A-312 shall govern the compensation of jurors. Until that time all local modifications of the general law as to jury fees shall remain in effect. This Section is repealed effective January 1, 1971.

Sec. 9-9. Jury Lists During Period July 1, 1967 to December 31, 1967. During the period July 1, 1967, to December 31, 1967, a county may, if practicable, continue to use the jury list prepared for the biennium ending June 30, 1967. If it is not practicable to use such jury list, a jury list for this six-months period shall be prepared and used in accordance with the laws in effect prior to the ratification of this Act. This Section is repealed effective January 1, 1968.

Article 2. Petit Jurors

Sec. 9-10. Summons to Jurors. The register of deeds shall, within three days after the receipt of numbers drawn, deliver the list of prospective jurors to the sheriff of the county, who shall summon the persons named therein. The summons shall be served personally, or by leaving a copy thereof at the place of residence of the juror, or by telephone or first class mail, at least 15 days before the session of court for which the juror is summoned. Service by telephone, or by first class mail if mailed to the correct current address of the juror on or before the fifteenth day before the day the court convenes, shall be valid and binding on the person served, and he shall be bound to appear in the same manner as if personally served. The summons shall contain information as to the time, place, and authority before whom applications for excuses from jury service may be heard.

Sec. 9-11. Supplemental Jurors; Special Venire. (a) If necessary, the court may, without using the jury list, order the sheriff to summon from day to day additional jurors to supplement the original venire. Jurors so summoned shall have the same qualifications and be subject to the same challenges as jurors selected for the regular jury list. If the presiding judge finds that service of summons by the sheriff is not suitable because of his direct or indirect interest in the action to be tried, the judge may appoint some suitable person in place of the sheriff to summon supplemental jurors.

(b) The presiding judge may, in his discretion, at any time before or during a session direct that supplemental jurors or a special venire be selected from the jury list in the same manner as is provided for the selection of regular jurors. Jurors summoned under this subsection may be discharged by the court at any time during the session and are subject to the same challenges as regular jurors, and to no other challenges.

Sec. 9-12. Supplemental Jurors From Other Counties. (a) On motion of any party or the State, or on his own motion, any Judge of the Superior Court, if he is of the opinion that it is necessary in order to provide a fair trial in any case, and regardless of whether he will preside over the trial of that case, may order as many jurors as he deems necessary to be summoned from any county or counties in the same judicial district as the county of trial or in any adjoining judicial district. These jurors shall be selected and shall serve in the manner provided for selection and service of supplemental jurors selected from the jury list. These jurors shall be subject to the same challenges as other jurors, except challenges for non-residence in the county of trial.

(b) Transportation may be furnished in lieu of mileage.

(c) The county of trial shall pay jurors summoned under this Section at the rate provided by law for the county from which they are summoned. When a District Court is established in the county of trial, the jurors shall be compensated by the State as provided in G. S. 7A-312.

Sec. 9-13. Penalty for Disobeying Summons. Every person summoned to appear as a juror who has not been excused, and who fails to appear and attend until duly discharged, shall be subject to a fine of not more than fifty dollars ($50.00), to be imposed by the court, unless he renders an excuse deemed sufficient. The forfeiture so imposed if not paid forthwith shall be entered as a judgment against the defaulting juror, and the Clerk of Superior Court shall issue an execution against his estate.

Sec. 9-14. Jury Sworn; Judge Decides Competency. The clerk shall, at the beginning of court, swear all jurors who have not been selected as grand jurors. Each juror shall swear or affirm that he will truthfully and without prejudice or partiality try all issues in criminal or civil actions that come before him and render true verdicts according to the evidence. Nothing herein shall be construed to disallow the usual challenges in law to the whole jury so sworn or to any juror; and if by reason of such challenge any juror is withdrawn from a jury being selected to try a case, his place on that jury shall be taken by another qualified juror. The presiding judge shall decide all questions as to the competency of jurors.

Sec. 9-15. Questioning Jurors Without Challenge; Challenges for Cause. (a) The court, or any party to an action, civil or criminal, shall be allowed, in selecting the jury, to make inquiry as to the fitness and competency of any person to serve as a juror, without having such inquiry treated as a challenge of such person, and it shall not be considered by the court that any person is challenged as a juror until the party shall formally state that such person is so challenged.

(b) It shall not be a valid cause for challenge that any juror, regular or supplemental, is not a freeholder or has not paid the taxes assessed against him.

(c) If any juror has a suit pending and at issue in the court in which he is serving, he may be challenged for cause, and he shall be withdrawn from the trial panel, and may be withdrawn from the venire in the discretion of the presiding judge.

Sec. 9-16. Exemption From Civil Arrest. No sheriff or other officer shall arrest under civil process any juror during his attendance at or going to and returning from any session of the Superior or District Court.

Any such arrest shall be invalid, and the defendant on motion shall be discharged.

Sec. 9-17. Jurors Impaneled to Try Case Furnished With Accommodations; Separation of Jurors. A jury, impaneled to try any cause, shall be put in charge of an officer of the court and shall be furnished with such accommodations as the court may order, and the accommodations shall be paid for by the parties or by the State, as ordered by the presiding judge.

The presiding judge, in his discretion, may direct any jury to be sequestered while it has a case or issue under consideration.

Sec. 9-18. Alternate Jurors. Whenever the presiding judge deems it appropriate, one or more alternate jurors may be selected in the same manner as the regular trial panel of jurors in the case, but after the regular jury has been duly impaneled. Each party shall be entitled to two peremptory challenges as to each such alternate juror, in addition to any unexpended challenges the party may have left after the selection of the regular trial panel. Alternate jurors shall be sworn and seated near the jury with equal opportunity to see and hear the proceedings and shall attend the trial at all times with the jury and shall obey all orders and admonitions of the court to the jury. When the jurors are ordered kept together in any case, the alternate jurors shall be kept with them. An alternate juror shall receive the same compensation as other jurors and, except as hereinafter provided, shall be discharged upon the final submission of the case to the jury. If before that time any juror dies, becomes incapacitated or disqualified, or is discharged for any reason, an alternate juror shall become a part of the jury and serve in all respects as those selected on the regular trial panel. If more than one alternate juror has been selected, they shall be available to become a part of the jury in the order in which they were selected.

Article 3. Peremptory Challenges

Sec. 9-19. Peremptory Challenges in Civil Cases. The clerk, before a jury is impaneled to try the issues in any civil suit, shall read over the names of the prospective jurors in the presence and hearing of the parties or their counsel; and the parties, or their counsel for them, may challenge peremptorily eight jurors without showing any cause therefor, and the challenges shall be allowed by the court.

Sec. 9-20. Several Defendants; Challenges Apportioned; Discretion of Judge; Civil Cases. When there are two or more defendants in a civil action, the presiding judge, if it appears that there are antagonistic interests between the defendants, may in his discretion apportion among the defendants the challenges now allowed by law, or he may increase the number of challenges to not exceeding six for each defendant or class of defendants representing the same interest. In either event, the same number of challenges shall be allowed each defendant or class of defendants representing the same interest. The decision of the judge as to the nature of the interests and number of challenges shall be final.

Sec. 9-21. Peremptory Challenges in Criminal Cases. (a) In all capital cases each defendant may challenge peremptorily without cause 14 jurors and no more. In all other criminal cases each defendant may challenge peremptorily six jurors without cause and no more. To enable defendants

to exercise this right, the clerk shall read over the names of the jurors on the panel, in the presence and hearing of the defendants and their counsel, before the jury is impaneled.

(b) In all capital cases the State may challenge peremptorily without cause six jurors and no more. In all other criminal cases the State may challenge peremptorily without cause four jurors and no more. The State's challenge, peremptory or for cause, must be made before the juror is tendered to the defendant. The State does not have the right to stand any jurors at the foot of the panel.

Article 4. Grand Jurors

Sec. 9-22. How Grand Jury Drawn. (a) At the first jury session of Superior Court for the trial of criminal cases in each county after January 1, 1968, the presiding judge shall direct the names of all persons returned as jurors to be written on scrolls of paper and put into a box or hat. The clerk of court or his assistant or deputy shall draw out the names of 18 persons who shall serve as grand jurors. Of these 18, the first nine drawn shall serve for a period of six months and until their replacements are selected and sworn, and the next nine for a period of 12 months and until their replacements are selected and sworn. Thereafter, beginning with the first criminal session of Superior Court after July 1, 1968, and continuing with the first criminal session of Superior Court after January 1 and July 1 of each year, nine new grand jurors shall be selected in the manner provided above to replace the jurors whose terms have expired. All new grand jurors so selected shall serve for a period of 12 months, and until their replacements are selected and sworn. In the event of a vacancy occurring in the membership of the grand jury, the Superior Court Judge holding the next criminal session in the county shall order a new juror drawn in the manner provided above to fill the vacancy.

(b) The presiding judge at any criminal session of Superior Court may at any time order the grand jury to be assembled for the purpose of hearing his charge. The presiding judge at any criminal session of Superior Court may at any time discharge the grand jury and order a new grand jury to be selected and qualified, as provided in this Section. The first nine new grand jurors selected shall serve out the terms of the former grand jurors with six months or less to serve, and the next nine selected shall serve out the terms of those with more than six months to serve.

Sec. 9-23. Exceptions to Qualifications of Grand Jurors. All exceptions to grand jurors on account of their disqualifications shall be taken before the petit jury is sworn and impaneled to try the issue, by motion to quash the indictment, and if not taken at that time shall be deemed to be waived. But no indictment shall be quashed, nor shall judgment thereon be arrested, because any member of the grand jury finding such bills of indictment had not paid his taxes or was a party to any suit pending and at issue.

Sec. 9-24. Judge to Appoint Foreman; Acting Foreman. The foreman of the grand jury shall be appointed by the presiding Judge of a Superior Court session in which grand jurors are chosen. The foreman shall serve for a term of six months, and until his successor has been appointed and qualified, and he may be reappointed for a second term. He shall be sworn

according to law. In the absence of the foreman, or if the foreman is unable to serve, the presiding judge shall appoint an acting foreman, who shall have all the powers of the foreman.

Sec. 9-25. Foreman May Administer Oaths to Witnesses. The foreman of every grand jury duly sworn and impaneled in any of the courts has power to administer oaths and affirmations to persons to be examined before it as witnesses. The foreman shall mark on the bill the names of the witnesses sworn and examined before the jury.

Sec. 9-26. Grand Jury to Visit County Home and Jail. Every grand jury, while the court is in session, shall inspect the county home for the aged and infirm, the workhouse, if there is one, and the jail, and report to the court the condition of the facilities and of the inmates and prisoners confined therein, and also the manner in which the jailer or superintendent has discharged his duties.

It is not necessary for any grand jury in any county to make any inspections or submit any reports with respect to any county offices or agencies other than those required by this Section, nor for any Judge of the Superior Court to charge the grand jury with respect thereto."

Sec. 2. G. S. 11-11 is amended by deleting the oaths for jurors in capital cases, jurors in criminal actions not capital, and jurors in civil actions, and inserting in lieu thereof the following oath:

"Oath for Petit Juror

You do solemnly swear (affirm) that you will truthfully and without prejudice or partiality try all issues in civil or criminal actions that come before you and give true verdicts according to the evidence, so help you, God."

Sec. 3. G. S. 127-84 is amended by changing the comma after the word "membership" in the last sentence to a period, and deleting the words "which certificate shall exempt the holder from jury duty".

Sec. 4. G. S. 1-86, 15-163, 15-164, 15-165, 33-50, 33-51, 90-45, 90-150, the last sentence of G. S. 134-66, and all other laws and clauses of laws in conflict with this Act, are hereby repealed.

Sec. 5. Partial Invalidity. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 6. Except as otherwise provided in this Act, this Act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 21st day of April, 1967.

S. 18-60, in quantities not in excess of one gallon, unless otherwise authorized, provided that said alcoholic beverages are obtained from an authorized alcoholic beverage control store within this State, or from a lawful source outside this State, and provided that said alcoholic beverages are possessed for a purpose other than for sale or barter, and provided that said alcoholic beverages are purchased, possessed, and consumed in accordance with this and other applicable Sections of Chapter 18, and including the following:

A person may also possess and consume said alcoholic beverages, but not in view of the general public, on any other private property not primarily engaged in commercial entertainment and not open to the general public at the time, when such person, association or corporation has obtained the express permission of the owner or person lawfully in possession of said property, and when said alcoholic beverages are consumed by said person, his family, or his bona fide guests, or bona fide guests of the association or corporation; provided, however, this sentence shall not be construed to permit or in any way or manner authorize the possession or consumption of alcoholic beverages on premises for which a permit is required pursuant to subsections (3), (4), or (5) of G. S. 18-51.

(3) Social Establishments. Any person, association, or corporation may furnish facilities, located on its premises, which facilities shall not be open to the general public, for the storage of alcoholic beverages for its bona fide members, in quantities not in excess of one gallon for each member, unless otherwise authorized, and for consumption by its members and their guests, but subject to the following conditions:

It shall be unlawful for any person to possess or consume any alcoholic beverages of any and all kinds, other than fortified or sweet wines, which contain more than fourteen per cent (14%) of alcohol by volume, on the premises of any business establishment which is not permitted under subsections (2), (3), or (4), of this Section, unless said establishment meets the following requirements:

(a) The premises have an inside dining area with a seating capacity of at least 36 persons, and a separate kitchen facility; and

(b) The business is engaged primarily and substantially in the preparation and serving of meals or furnishing of lodging; and provided further, the State Board of Alcoholic Control shall have broad power to examine the type and nature of the business, and the combination and location of separate or affiliated businesses at the same location to determine if the establishment is a bona fide restaurant-type facility; and

(c) The business has a valid permit from the State Board of Alcoholic Control for this purpose, including the requirement that the business post the type of notices required by said Board.

(e) Any person, association, or corporation to permit any alcoholic beverages to be possessed or consumed upon any premises not authorized pursuant to Chapter 18, North Carolina General Statutes.

(f) Any person to possess or consume any alcoholic beverages upon any premises where not authorized by law, or where said person has been forbidden to possess or consume alcoholic beverages by the owner, operator or person in charge of said premises.

(g) Any person, firm or corporation to refuse to surrender any permit or notice upon request of the State Board of Alcoholic Control, or to falsely display any such notice, or to display any notice not permitted by the State Board of Alcoholic Control, or to obtain any facsimile permit or notice from any person.

(7) Permits. Any person, association or corporation making application for a permit under subsections (3), (4)(b), 4(c), or (5), of this Section shall file said application and appropriate fee with the State Board of Alcoholic Control, and said Board shall have the exclusive authority, not inconsistent herewith, in issuing any permit, or in renewing, suspending or revoking any temporary or annual permit, pursuant to the specific authority of G. "(b) Before a permit may be issued for a vehicle to be operated as an ambulance, its registered owner must apply to the Board for an ambulance permit. Application shall be made upon forms and according to procedures established by the Board. Prior to issuing an original or renewal permit for an ambulance, the Board shall determine that the vehicle for which the permit is issued meets all requirements as to medical equipment and supplies and sanitation as set forth in this Article and in the regulations of the Board. Permits issued for ambulances shall be valid for a period specified by the Board, not to exceed one year.

"(c) Duly authorized representatives of the Board may issue temporary permits for vehicles not meeting required standards valid for a period not to exceed 60 days, when it determines the public interest will be served thereby.

"(d) When a permit has been issued for an ambulance as specified herein, the vehicle for which issued, and records relating to maintenance and operation of such vehicle shall be open to inspection by duly authorized representatives of the Board at all reasonable times.

"(e) The issuance of a permit hereunder shall not be construed so as to authorize any person, firm, corporation, or association to provide ambulance services or to operate any ambulances without a franchise in any county or municipality which has enacted an ordinance pursuant to G. S. 153-9(58) making it unlawful to do so.

"G. S. 130-231. Advisory Committee on Ambulance Service Created. For the purpose of assisting the State Board of Health in developing standards for use in the administration of this Article, there is hereby created the Advisory Committee on Ambulance Service. "(c) The Board shall inspect medical equipment and supplies required of ambulances when it deems such inspection is necessary and maintain a record thereof. Upon a determination, based upon an inspection, that required medical supplies or equipment fail to meet the requirements of this Article or regulations adopted pursuant hereto, the Board shall suspend the permit for the ambulance concerned, until such requirements are met.

"G. S. 130-233. Certified Ambulance Attendant Required. (a) Every ambulance, except those specifically excluded from the operation of this Article, when operated on an emergency mission in this State shall be occupied by at least one person who possesses a valid Ambulance Attendant's Certificate from the Board. This Section shall not be construed to require a person other than the driver to be aboard if the driver is properly certified by the Board as an ambulance attendant.

"(b) The Board shall adopt regulations setting forth the qualifications required for certification of ambulance attendants. Such regulations shall be effective when approved by the Advisory Committee on Ambulance Service.

"(c) Persons desiring certification as ambulance attendants shall apply to the Board using forms prescribed by that agency. Upon receipt of such application the Board shall examine the applicant and if it determines the applicant meets the requirements of its regulations duly adopted pursuant to this Article, it shall issue a certificate to the applicant. Ambulance Attendant's Certificates so issued shall be valid for a period not to exceed two years and may be renewed after re-examination if the holder meets the requirements set forth in the regulations of the Board. The Board is authorized to cancel a certificate so issued at any time it determines that the holder no longer meets the qualifications prescribed for ambulance attendants.

"(d) Duly authorized representatives of the Board may issue temporary certificates with or without examination when it finds that such will be in the public interest. Temporary certificates shall be valid for a period not exceeding 90 days.

"G. S. 130-234. Exemptions. (a) The following are exempted from the operation of the provisions of this Article:

"(1) Privately owned vehicles not ordinarily used in the business of transporting persons who are sick, injured, wounded or otherwise incapacitated or helpless;

"(3) Ambulances based outside this State, except that any such ambulance receiving a patient within this State for transportation to a location within this State shall comply with the provisions of this Article;

"(4) Ambulances owned and operated by an agency of the United States Government.

WHEREAS, a legislative Charter was granted to The Moses H. Cone Memorial Hospital under Chapter 400 of the Private Laws of North Carolina, Session of 1913, and was amended by Chapter 234 of the 1961 Session Laws of North Carolina, and this legislative Charter, as so amended, now provides for the governance of the said corporation by a board of trustees consisting of 15 members who are appointed and elected for four-year terms; and

WHEREAS, 11 of these 15 trustees, or more than two thirds of the entire board of trustees, are now appointed and elected at one time every four years, so that the present arrangement permits the possibility of an almost complete turnover in the membership of the board of trustees at each such four-year interval which would destroy continuity of service on the said board of trustees; and

WHEREAS, the Governor of North Carolina is now required to appoint three members of the said board of trustees every four years, and the obligation of the Governor of North Carolina to make these appointments for this corporation simply adds one more burden to the already heavy burdens of his office; and

WHEREAS, the Board of Trustees of The Moses H. Cone Memorial Hospital now deems it advisable to relieve the Governor of North Carolina

from any obligation to appoint trustees for the said corporation, and to arrange that the three trustees formerly appointed by the Governor of North Carolina shall henceforth be elected by the members of the board of trustees in office from time to time; and also deems it advisable to assure continuity of service on the said board of trustees by arranging for the trustees to serve staggered terms of three years with five of the 15 trustees to be appointed and elected each year: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. That Section 10 of Chapter 400 of the Private Laws of North Carolina, Session of 1913, as previously amended by Chapter 234 of the 1961 Session Laws of North Carolina, now be, and it hereby is, amended to read as follows:

"Sec. 10. That the said corporation shall be governed by a board of trustees which shall consist of 15 members and which shall be known and designated as "The Board of Trustees of The Moses H. Cone Memorial Hospital"; that the said board of trustees shall have and exercise all the powers hereinbefore and hereinafter conferred upon the board of trustees; shall have perpetual succession; shall hold and administer the property, franchises, and effects of the corporation, and shall receive, in the name and on behalf of the corporation, any property and gifts; and shall carry out fully the trusts imposed upon the said board of trustees.

"That the said board of trustees shall be perpetuated as follows: The regular term of office of a trustee shall be three years, and the terms of the trustees shall be staggered with five of the 15 trustees to be appointed and elected each year. One of the 15 trustees, and his successors forever, shall be appointed by the City Council of the City of Greensboro and its successors in office; one of the 15 trustees, and his successors forever, shall be appointed by the Board of Commissioners of the County of Guilford and its successors in office; and one of the 15 trustees, and his successors forever, shall be appointed by the Guilford County Medical Society or such agency as may hereafter succeed to the powers and duties now exercised and performed by the said Guilford County Medical Society; and one of these three trustees shall be appointed each year, in rotation, by one of these three agencies, each of which shall fill its one position on the board of trustees by appointment every three years (in alternate years). The remaining 12 of the 15 trustees, and their successors forever, shall be elected by the members of the board of trustees in office from time to time; and four of these 12 trustees shall be elected by the board of trustees each year.

"That the election of trustees by the board of trustees shall be by a majority vote of the members present at any meeting of the said board of trustees at which there is a quorum, and any member of the board of trustees may vote upon the election of his successor. Each trustee appointed or elected for a regular term shall take office at noon on the second Wednesday in May, and shall serve for the regular term of three years and thereafter until his successor is duly appointed or elected and qualified. A trustee may be appointed or elected for an irregular or interim term at any time, however, by the agency (including the board of trustees) which is authorized to fill the position, in order to establish

or maintain the staggering of terms or to fill an unexpired term; and in such case the trustee so appointed or elected shall serve for the irregular or interim term or for the remainder of the unexpired term and thereafter until his successor is duly appointed or elected and qualified.

"That if the City Council of the City of Greensboro (or its successors), or the Board of Commissioners of the County of Guilford (or its successors), or the Guilford County Medical Society (or its successors) shall fail or refuse at any time to appoint a trustee to fill its position on the board of trustees within 60 days after notification that its position on the board of trustees is or is about to be vacant, then after the expiration of this 60-day period the board of trustees itself may elect a trustee to such position to serve until the time designated herein for the next appointment by such agency. The City Council of the City of Greensboro, the Board of Commissioners of the County of Guilford, and the Guilford County Medical Society, and their respective successors, are also authorized and empowered to issue to their appointees as members of the Board of Trustees of The Moses H. Cone Memorial Hospital such certificates of appointment as each such agency may deem proper."

"20-81.3. Special Personalized Registration Plates. (a) The Commissioner may issue under such regulation as he shall deem appropriate a

special personalized registration plate to the owner of a private passenger motor vehicle in lieu of another number plate. Such personalized registration plate shall be of such design and shall bear such letter or letters and numerals as the Commissioner shall prescribe, but there shall be no duplication of a registration plate. The Commissioner shall in his discretion refuse the issue of such letter combinations which might carry connotations offensive to good taste and decency.

"(b) An owner who desires personalized registration plates shall make application for such plates on forms which shall be provided by the Department of Motor Vehicles and pay the sum of ten dollars ($10.00) annually, which shall be in addition to the regular motor vehicle registration fee. Once an owner has obtained personalized plates, he, where possible, will have first priority on those plates for the following years provided he makes timely and appropriate application; provided, however, that the Commissioner shall not issue a personalized license plate pursuant to this Section except upon written application therefor on a form furnished by the Commissioner in which the applicant certifies that his operator's or chauffeur's license has not been revoked or suspended under Article 2 of Chapter 20 of the General Statutes within two years prior to the date of the application; and provided, further, that any personalized license plate issued pursuant to this Section shall be cancelled and recalled by the Commissioner and the application fee forfeited in the event that the Commissioner determines that a false application has been submitted.

"(c) The revenue derived from the additional fee for such plates shall be placed in a separate fund designated the 'Personalized Registration Plate Fund'. After deducting the cost of the plates, plus budgetary requirements for handling and issuance to be determined by the Commissioner of Motor Vehicles, any remaining moneys derived from the additional fee for such plates shall be periodically transferred as follows:

"(2) One-half to the State Highway Commission to be used solely for the purpose of beautification of highways other than those designated as interstate. Such funds shall be administered by the State Highway Commission for beautification purposes not inconsistent with good landscaping and engineering principles.

"(d) The Governor's Advisory Committee on Beautification shall act in an advisory capacity to the State Highway Commission and shall, from time to time, make such recommendations to the State Highway Commission concerning beautification of highways as it shall deem appropriate.

"(e) Special personalized registration plate shall mean any registration plate bearing any combination of letters or numerals, or both, other than that which the department determines would normally be issued sequentially to an applicant for original or renewal vehicle registration.

"(f) In the event a personalized registration plate is lost, stolen or mutilated, the owner may not obtain another such plate bearing the same letter, letters or numerals until the next registration year. He may, upon proper application and payment of a fee of one dollar ($1.00),

obtain a plate of the regular series. Provided, further, that a special personalized registration plate revoked for violation of the motor vehicle laws shall not be reissued, but in lieu thereof a plate of the regular series will be issued upon payment of the appropriate fee for the new registration plate."

"Sec. 11.1. Authority. In addition to any authority which is now or may hereafter be granted by general law to the city for making street and sidewalk improvements, the City Council is hereby authorized to make street and sidewalk improvements and to assess the cost thereof against abutting property owners in accordance with the provisions of this Article.

"Sec. 11.2. Street Improvements; When Petition Unnecessary. The City Council may order street improvements and assess the cost thereof, exclusive of the costs incurred at street intersections, against the abutting properties at an equal rate per front foot, without the necessity of a petition, upon the finding by the Council as a fact:

"(a) That the street improvement project does not exceed 1200 lineal feet, and

"(b) That such street or part thereof is unsafe for vehicular traffic and it is in the public interest to make such improvement, or

"(c) That it is in the public interest to connect two streets, or portions of a street already improved, or

"(d) That it is in the public interest to widen a street, or part thereof, which is already improved; provided that assessments for widening any street or portion of street without petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the city's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Article.

"Sec. 11.3. Street Improvement Defined. For the purposes of the preceding Section, the term 'street improvement' shall include grading regrading, surfacing, resurfacing, widening, paving, repaving, the acquisition of right-of-way, and the construction or reconstruction of curbs, gutters and street drainage facilities.

"Sec. 11.4. Sidewalk Improvements. The City Council is hereby authorized to cause sidewalks to be constructed or sidewalk improvements or repairs to be made in accordance with standards and specifications of the city, and to assess the total cost thereof against abutting properties, without the necessity of a petition; provided, that the Council may order the cost of sidewalk improvements made on only one side of a street to be assessed against the properties abutting both sides of such street.

"Sec. 11.5. Assessment Procedure. In ordering street or sidewalk improvements without a petition and assessing the cost thereof under authority of this Article, the City Council shall comply with the procedure provided by Article 9, Chapter 160 of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

"Sec. 11.6. Effect of Assessments. The effect of the act of levying assessments under authority of this Article shall for all purposes be the same as if the assessments were levied under authority of Article 9, Chapter 160 of the General Statutes.

"Sec. 11.7. Maintenance of Sidewalks. It shall be the duty of every property owner in the city to maintain in good repair and to keep clean and free of debris, trash, and other obstacles and impediments the sidewalks abutting his property. The City Council is hereby authorized to establish by ordinance a procedure whereby city forces may repair or clean any sidewalk or remove therefrom any trash, debris, or other obstacles or impediments upon the failure of the abutting property owner after 10 days' notice to do so. In such event, the cost of such repair, cleaning, or removal shall become a lien upon the abutting property equal to the lien for ad valorem taxes, and may thereafter be collected either by suit in the name of the city or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real estate for ad valorem taxes. Such right, power, and authority, however, shall be limited to a conveyance of the whole of the lot or parcel of land against which the particular assessment or assess-

ments involved were levied. No lot or tract of land may be divided and such right, power, and authority exercised as to a part, only, of the property originally embraced in and covered by said assessment or assessments. In the case of such conveyance, it shall not be necessary that the street or sidewalk assessment or assessments against the property be foreclosed; but the city, upon the receipt of any such conveyance, shall become and be the absolute fee simple owner of the property, as fully to all intents and purposes as if purchased in and through foreclosure proceedings for the enforcement of such street and sidewalk assessment or assessments.

"Sec. 12.2. Corner Lot Exemptions. The schedules of exemptions may be classified as to land uses (residential, commercial, industrial, institutional, or agricultural) and shall be uniform for each such classification used; provided, however, that no schedule of exemptions may provide for exemption of more than seventy-five per cent (75%) of the frontage on any side of a corner lot, or 150 feet, whichever is greater.

"Sec. 12.3. Acreage Charges. In addition to water and sewer service charges and connection charges, the City Council may establish and collect acreage charges for the privilege of connecting to the city water and sewerage systems, both within and outside the corporate limits, to aid in the financing of new water and sewer mains and sewer outfalls and the replacement or enlargement of existing mains and outfalls. Such charges shall apply uniformly to all properties to which water or sewerage service is extended subsequent to the establishment of such charges; provided, however, that the Council may establish higher acreage charges for property developed or to be developed for commercial, industrial, or institutional uses than those established for residential uses, and may base acreage charges for residential property upon the number of dwelling units per acre of land.

"ARTICLE XIII. REGULATORY POWERS

"Sec. 13.1. Subdivision Control. Any subdivision control ordinance enacted by the City Council under authority of general law may provide for the more orderly development of subdivisions within the subdivision control jurisdiction of the city by requiring the construction of community service facilities, including water lines; sewer lines; street paving, curbing and

"ARTICLE XII. ESTABLISHMENT OF PROPOSED STREET LINES

"Sec. 12.1. Authority to Establish Proposed Street Lines. Whenever, in the opinion of the Town Council, it is in the best interest of the Town to do so, the Council may make provision for the ultimate widening or extension or both of existing streets and for the opening of new streets,

and for the gradual or immediate acquisition of the lands necessary for such improvements, in accordance with the procedure established by this Article.

"Sec. 12.2. Platting of Proposed Street Lines. From and after the time of adoption of a major street plan by the Town Council and the State Highway Commission pursuant to provisions of G. Personnel making such surveys are empowered to enter upon lands, make examinations or surveys, and place and maintain necessary monuments thereon, at reasonable times and with due care for the property. A plat or plats of the area or areas thus surveyed shall be prepared on which are indicated the locations of the lines recommended as the planned or mapped lines of future streets, street extensions, street widenings or street narrowings. The preparation of such plat or plats shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

"Sec. 12.3. Adoption of Official Map; Hearing; Notice. Following the preparation of such plats, the Town Council may officially adopt a map or maps of planned new streets and highways, extensions, widening, narrowing, or vacations of streets within the town and the area within one mile outside of its corporate boundaries. Before taking any such action, the Council shall hold a public hearing thereon, notice of the time and place of which shall have been given once a week for two successive weeks in a newspaper having general circulation in the town. Said notice shall be posted, and published for the first time, not less than fifteen days prior to the date fixed for said hearing. Following adoption of such a map or maps the Council shall certify a copy thereof to the Register of Deeds of Edgecombe County, which copy shall show the name or names of the owners of property affected, or to be affected thereby as nearly as may be determined, and shall state the purpose of said map and shall refer to this Article of the Charter of the Town of Tarboro, which copy shall be duly filed by said Register of Deeds and shall be indexed under the name of the Town of Tarboro and be indexed or cross indexed under the names of each of said property owners. The placing of any street or street line upon any official map or maps shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

"Sec. 12.4. Right to Acquire Property Before Improvement. From and after the time of adoption and certification to the Register of Deeds of any such map or maps, it shall be unlawful to build upon any land within the line of proposed streets shown thereon or to repair or otherwise improve any existing buildings within said lines until the Town Council shall have been given an opportunity to purchase or otherwise acquire said property for street purposes as provided by this Article. To that end, the owner or any person proposing to build upon such land or to make repairs or improvement to any existing building on such land shall, in writing, notify the Town Council in person or by attorney at a regular meeting, or by

registered letter addressed to the Town Manager of the nature and estimated cost of such building, repairs, or improvements. The Council shall then determine whether it will take the necessary steps to acquire said land prior to construction of said building or the making of said repairs or improvements. If the Council fails, within sixty days from the receipt of such notice, to acquire, adopt a formal resolution directing an appropriate officer to acquire, or institute condemnation proceedings to acquire said property, then the owner or other person giving notice may proceed to erect the building or to make the repairs or improvements described in said notice freed of the restraint of said map. The Building Inspector is authorized to withhold and refrain from issuing, for a period not exceeding sixty days from receipt by the Council of the notice herein prescribed, any building permit for the erection of any building within the said lines, or for the making of any repairs or improvements to existing buildings within said lines.

"Sec. 12.5. Failure to Give Notice Bars Recovery for Value of Improvements. If any person, firm or corporation builds upon any land included within said proposed street lines, or repairs or otherwise improves that part of any existing building within said lines, without giving the Town Council an opportunity to acquire said property free from improvements, as provided in Section 12.4 of this Article, the Council shall not be required to pay for the value of said building, repairs, or improvements in any proceeding subsequently brought to acquire the land for the purpose shown on the officially adopted map or maps.

"Sec. 12.6. Failure to Act no Limit to Subsequent Condemnation. The failure of the Town Council to take action under Section 12.4 of this Article within sixty days after notice shall not have the effect of limiting the right of the Council at any subsequent time to condemn the same. In such case, however, the owner shall be entitled to full compensation as now provided by law for the building, repairs, or improvements made after the failure of the Council to take action within the prescribed period.

"ARTICLE XIII. SIDEWALKS

"Sec. 13.1. Assessment of Costs. In addition to any authority which is now or may hereafter be granted by general laws to the town for making sidewalk improvements, the Town Council is hereby authorized to order to be made or to make sidewalk improvements or repairs according to standards and specifications of the town, and to assess the total cost thereof against abutting property owners; provided, however, that the Council may order the cost of sidewalk improvements made only on one side of a street to be assessed against property owners abutting both sides of such street. In ordering sidewalk improvements or repairs under authority of this Section, the Town Council shall comply with the procedure provided by Article 9, Chapter 160 of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof. The effect of levying assessments under authority of this Section shall for all purposes be the same as if the assessments were levied under authority of Article 9, Chapter 160 of the General Statutes.

"Sec. 13.2. Maintenance of Sidewalks. It shall be the duty of every property owner in the town to maintain in good repair and to keep clean

and free of debris, trash, and other obstacles or impediments the sidewalks abutting his property.

"Sec. 13.3. Town May Repair or Clean; Charges. The Town Council may by ordinance establish a procedure whereby town forces may repair or clean any sidewalk or remove therefrom any debris or trash after failure of the abutting property owner after ten days notice to do so. In such event, the cost of such repair or cleaning or removal shall become a lien upon the abutting property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs, and penalties as provided by law for the foreclosure of the lien on real estate for ad valorem taxes. The authority and procedure of this Section as to repair of sidewalks shall be supplementary to the authority and procedure of Section 13.1, and the Town Council may, in its discretion, proceed under either Section in causing sidewalks to be repaired.

"ARTICLE XIV. REFUSE, WEEDS, AND TRASH

"Sec. 14.1. Property Kept Free of Offensive Matter. It shall be the duty of every property owner in the town to keep his property free from noxious weeds, trash, and all other forms of offensive animal or vegetable matter or refuse which may be dangerous or prejudicial to the public health or which may constitute a public nuisance.

"Sec. 14.2. Removal of Offensive Matter; Charges. The Town Council may by ordinance establish a procedure whereby town forces may clean, cut, and remove any weeds, trash, refuse or other offensive matter from any property upon failure of the owner or occupant after ten days notice to do so. In such event, the cost of such cleaning, cutting and removal shall become a lien upon the particular property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

"ARTICLE XV. WATER AND SEWER IMPROVEMENTS

"Sec. 15.1. Laterals Included in Cost. In ordering water or sewer line extensions, or both, and the assessment of the costs thereof under authority of Part 7 of Article 18 of Chapter 160 of the General Statutes or any other law, the Town Council is hereby authorized to include in such extensions water and sewer line mains and laterals, and to include the cost of such mains and laterals in the total cost to be assessed upon abutting properties.

"Sec. 15.2. Corner Lot Exemptions. The Town Council is hereby authorized to establish, by ordinance or resolution, schedules of exemptions from assessments for water and sewer line extensions for corner lots when water or sewer lines, or both, are installed along both sides of such lots and when the cost of such installation along both sides were or are financed in whole or in part by assessments. The schedules of exemptions may be classified as to land uses (residential, business, commercial, industrial, office and institutional, agricultural, or other classifications), and shall be uniform for each such classification used; provided, however, that

no schedule of exemptions may provide for exemption of more than seventy-five per cent (75%) of the frontage on any side of a corner lot, or 150 feet, whichever is greater.

"Sec. 15.3. Acreage Charges. In addition to water and sewer service charges and connection charges, the Town Council may establish and collect acreage charges for the privilege of connecting to the town water and sewerage systems, both within and outside the corporate limits, to aid in the financing of new water and sewer mains and laterals and sewer outfalls and the replacement or enlargement of existing mains, laterals, and outfalls. Such charges shall apply uniformly to all properties to which water or sewerage service is extended subsequent to the establishment of such charges; provided, however, that the Council may establish higher acreage charges for property developed or to be developed for business, commercial, industrial, or office and institutional uses than those established for residential and other uses, and may base acreage charges for residential property upon the number of dwelling units per acre of land.

"ARTICLE XVI. EXTRATERRITORIAL REGULATORY POWERS

"Sec. 16.1. Subdivision Control. Any subdivision control ordinance enacted by the Town Council under authority of general law may provide for the more orderly development of subdivisions within the subdivision control jurisdiction of the town by requiring the construction of community service facilities, including water lines; sewer lines; street paving, curbing and guttering; and street drainage facilities in accordance with policies established by the Council. To assure compliance with such requirements, the ordinance may require the posting of bond or such other method as will offer guarantee of compliance.

"Sec. 16.2. Regulatory Codes. The Town Council is hereby authorized to make effective and to enforce within the territory lying outside the corporate limits and within one mile thereof all ordinances and codes of the town regulating the construction and repair of buildings, including building codes, plumbing codes, electrical codes, heating and air conditioning codes, fire prevention codes, minimum housing codes adopted pursuant to Article 15 of Chapter 160 of the General Statutes, and ordinances adopted pursuant to G. S. 160-200(28) relating to unsafe buildings. In addition, the Town Council is hereby authorized to enforce in such area the North Carolina State Building Code, the North Carolina State Plumbing Code, and the North Carolina Uniform Residential Building Code, all as published by the North Carolina Building Code Council. Such enforcement powers shall include the power to require that prior to the beginning of any construction, reconstruction, or alteration of any building or structure or any part or system thereof within such area, the appropriate permit or permits be obtained from the town, and the power to make a reasonable charge therefor; provided, that the Town Council may by ordinance require that the contractor or other person charged with such construction, reconstruction, or alteration secure such permit or permits, rather than requiring the owner of the property to do so.

"ARTICLE XVII. LIABILITY INSURANCE

"Sec. 17.1. Purchase of Insurance Authorized. The Town Council is hereby authorized, but not required, to purchase liability insurance covering all of its authorized functions, whether deemed governmental or proprietary, and all negligent acts or torts of its officers, agents, or employees committed within the scope of their authority or within the course of their employment, whether engaged in performing a governmental or proprietary act.

"Sec. 17.2. Waiver of Immunity from Liability Authorized. The Town Council by securing liability insurance as provided in this Article, is authorized, but not required, to waive its governmental immunity from liability for any damage by reason of death or injury to person or property, proximately caused by the negligent act or tort of any officer, agent, or employee of the town when acting within the scope of his authority or within the course of his employment. Such immunity is waived only to the extent of the amount of the insurance so obtained. Such immunity shall be deemed to have been waived in the absence of affirmative action by the Town Council.

"Sec. 17.3. Conditions of Insurance Policy. Any contract of insurance purchased pursuant to this Article must be one issued by a company or corporation duly licensed and authorized to execute insurance contracts in this State, and must by its terms adequately insure the town against any and all liability for any damage by reason of death, or injury to person or property, proximately caused by a negligent act or tort of any officer, agent or employee of the town when acting within the scope of his authority or within the course of his employment. Any company which enters into a contract of insurance pursuant to this Article with the town, by such act, waives any defense based upon the governmental immunity of the town from liability.

"Sec. 17.4. Payment of Premium. The Town Council is authorized to pay, as a necessary expense, the lawful premium for any insurance purchased pursuant to this Article out of the general tax revenues or other appropriate funds of the town.

"Sec. 17.5. Application of General Law. The provisions of G. S. 160-191.3 through G. S. 160-191.5 shall be applicable to actions against the Town of Tarboro arising during any time when insurance purchased by the town pursuant to this Article is in force.

"ARTICLE XVIII. CLAIMS AGAINST THE TOWN

"Sec. 18.1. Presentation of Claims. No suit or action shall be instituted or maintained against the town upon any claim or demand whatever of any kind or character unless the claimant shall, within ninety days after the date of the accrual of the cause of action, have presented his claim or demand to the Town Council in writing and the Town Council shall have declined to pay or honor the same as presented, or for ninety days after presentation shall not have taken action with respect thereto. Further, no suit or action shall be instituted or maintained against the town upon any such claim or demand unless suit is instituted within twelve months from the date of the accrual of the cause of action, the

same being thereafter forever barred. Nothing contained herein shall be construed to prevent any other Statute of Limitations from commencing to run at the time when a claim accrued or demand arose, or in any manner to interfere with its running. Notwithstanding the foregoing provisions hereof, if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within ninety days after the termination of the physical or mental incapacity; provided, that minority shall not of itself constitute physical or mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given on his behalf within one year after the happening or the infliction of the injury complained of; or, if the minor suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given on his behalf within ninety days after termination of the physical or mental incapacity, or within one year after the happening or infliction of the injury complained of, whichever is the longer period. The town at any time may request the appointment of a next friend to represent any person having a potential claim against the Town of Tarboro and known to be suffering from physical or mental incapacity.

"Sec. 18.2. Settlement of Claims by Town Manager. The Town Council may authorize the Town Manager to settle claims against the town for (1) personal injuries or damages to property when the amount involved does not exceed the sum of one hundred dollars ($100.00) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred and (2) the taking of small portions of private property which are needed for the rounding of corners at intersections of streets, when the amount involved in any such settlement does not exceed five hundred dollars ($500.00) and does not exceed the actual loss sustained. Settlement of a claim by the Town Manager pursuant to this Section shall constitute a complete release of the town from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or taking complained of. All such settlements and all such releases shall be approved in advance by the Town Attorney."

Sec. 2. The purpose of this Act is to revise the Charter of the Town of Tarboro and to consolidate herein certain Acts concerning the property, affairs, and government of the town. It is intended to continue without interruption those provisions of prior Acts which are consolidated into this Act, so that all rights and liabilities that have accrued are preserved and may be enforced.

Sec. 3. This Act shall not be deemed to repeal, modify, nor in any manner to affect any of the following Acts, portions of Acts, or amendments thereto, whether or not such Acts, portions of Acts, or amendments are expressly set forth herein:

S. B. 447 CHAPTER 533

AN ACT TO DECLARE OWNERSHIP OF ALL BOTTOMS IN CERTAIN WATERS WITHIN THE STATE AND TO ESTABLISH PROCEDURES FOR CONDUCTING SALVAGE OF ABANDONED SHIPWRECKS AND OTHER UNDERWATER ARCHAEOLOGICAL SITES.

WHEREAS, extensive discoveries of and recoveries from the sunken underwater archaeological remains of Confederate, United States, and British vessels in the waters off the coast of North Carolina have been made during the past five years; and

WHEREAS, thousands of historically and archaeologically significant and valuable artifacts from shipwrecks have been recovered, preserved, studied and interpretively displayed in museums in North Carolina and elsewhere; and

WHEREAS, the survey, recovery and retention of historic sunken ships and associated artifacts along the entire North Carolina coast is vital to the interpretation of North Carolina history, government, and culture to the citizens of the State; and

WHEREAS, these artifacts and the vessels from which they come are in danger of destruction or loss due to the elements of nature and by various individuals or groups; and

WHEREAS, underwater archaeological sites extend along the entire length of the North Carolina coast and number in the hundreds, resulting in widespread uncontrolled exploration, damage, and removal of archaeological materials; and

WHEREAS, recovery and preservation work promoted and accomplished during and since 1962 by the Department of Archives and History has elevated the State of North Carolina to a position of leadership in the field of underwater archaeology and preservation of historical artifacts; and

WHEREAS, certain other states of the Union are already taking steps toward systematic state administration of underwater archaeological programs; and

WHEREAS, unless an appropriate administrative body is created, effective control procedures are established and a professional survey, surveillance and recovery staff provided, the State of North Carolina stands in danger of losing the irreplaceable artifacts to commercial firms and others who have expressed desires to remove these valuable resources for private monetary gain: Now, therefore,

The General Assembly of North Carolina do enact:

Section 1. Subject to Chapter 82 of the General Statutes, entitled "Wrecks" and to the provisions of Chapter 210, Session Laws of 1963, and to any statute of the United States, the title to all bottoms of navigable waters within one marine league seaward from the Atlantic seashore measured from the extreme low water mark; and the title to all shipwrecks, vessels, cargoes, tackle, and underwater archaeological artifacts which have remained unclaimed for more than 10 years lying on the said bottoms, or on the bottoms of any other navigable waters of the State, is hereby declared to be in the State of North Carolina, and such bottoms, shipwrecks, vessels, cargoes, tackle, and underwater archaeological artifacts shall be subject to the exclusive dominion and control of the State.

Sec. 2. The custodian of shipwrecks, vessels, cargoes, tackle and underwater archaeological artifacts as defined in Section 1 hereof shall be the State Department of Archives and History, which is empowered to promulgate such rules and regulations as may be necessary to preserve, protect, recover and salvage any or all underwater properties as defined in Section 1 hereof; such rules and regulations, when approved by the Governor and Council of State, shall have the force and effect of law.

Sec. 3. The Department of Archives and History is also authorized to establish a professional staff for the purpose of conducting and/or supervising the surveillance, protection, preservation, survey and systematic underwater archaeological recovery of underwater materials as defined in Section 1 hereof.

Sec. 4. Any qualified person, firm or corporation desiring to conduct any type of exploration, recovery or salvage operations, in the course of which any part of a derelict or its contents or other archaeological site may be removed, displaced or destroyed, shall first make application to the Department of Archives and History for a permit or license to conduct such operations. If the Department of Archives and History shall find that the granting of such permit or license is in the best interest of the State, it may grant such applicant a permit or license for such a period of time and under such conditions as the Department may deem to be in the best interest of the State. Such permit or license may include but need not be limited to the following:

(a) Payment of monetary fee to be set by the Department

(b) That a portion or all of the historic material or artifacts be delivered to custody and possession of the Department

(c) That a portion of all of such relics or artifacts may be sold or retained by the licensee

(d) That a portion or all of such relics or artifacts may be sold or traded by the Department.

Permits or licenses may be renewed upon or prior to expiration upon such terms as the applicant and the Department may mutually agree. Holders of permits or licenses shall be responsible for obtaining permission of any Federal agencies having jurisdiction, including the U. S. Coast Guard, the U. S. Department of the Navy and the U. S. Army Corps of Engineers prior to conducting any salvaging operations.

Sec. 5. Any funds which may be paid to or received by the Department of Archives and History under the terms of Section 4 hereof may be allocated for use by the Department of Archives and History for continuing its duties under this Act, subject to the approval of the Budget Division of the Department of Administration.

Sec. 6. All law enforcement agencies and officers, State and local, are hereby empowered to assist the Department of Archives and History in carrying out its duties under this Act.

Sec. 7. Nothing in this Act shall be construed to affect pending litigation.

Sec. 8. Any person violating the provisions of this Act or any rules or regulations established thereunder shall be guilty of a misdemeanor and upon conviction thereof shall be punished as in cases of misdemeanor.

Sec. 9. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 10. This Act shall be in full force and effect on and after July 1, 1967.

The purposes of this Act are to promote the industry and natural resources of the State, increase opportunities for gainful employment, increase purchasing power, improve living conditions, advance the general economy, expand facilities for research and development, increase vocational training opportunities and otherwise contribute to the prosperity and welfare of the State and its inhabitants by providing facilities for operation by private operators useful for industrial and research pursuits, such purposes being, and are hereby declared to be, public purposes.

The authority shall be composed

of seven members. The State Treasurer and the Chairman of the Department of Conservation and Development and their successors in office from time to time shall, by virtue of their incumbency in such offices and without further appointment or qualification, be members of the authority. The Governor shall appoint the other five members of the authority who shall be residents of the State and shall not hold other public office. One of such appointees shall have had experience in industrial real estate, one shall have had experience in county government in the capacity of an elected officer thereof and another shall have had experience in municipal government in the capacity of an elected officer thereof and two of such appointees shall be selected at large. The five members of the authority thus appointed shall continue in office for terms of one year, two, three, four and five years, respectively, as designated by the Governor, and until their successors shall be duly appointed and qualified. The successor of each such member shall be appointed for a term of five years and until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any member of the authority shall be eligible for reappointment. Each member of the authority appointed by the Governor may be removed by the Governor for misfeasance, malfeasance or wilful neglect of duty after reasonable notice and a public hearing, unless the same are in writing expressly waived. Each member of the authority, other than the State Treasurer and the Chairman of the Department of Conservation and Development, before entering upon his duty shall take an oath of office to administer the duties of his office faithfully and impartially and a record of such oath shall be filed in the office of the Secretary of State. The Governor shall designate a member of the authority to serve as chairman. The term of the chairman shall extend to the earlier of either the date of expiration of his then current term as a member of the authority or a date six months after the expiration of the then current term of the Governor designating such chairman. The authority shall annually elect one of its members as vice chairman. The authority shall also elect or appoint, and prescribe the duties of, such other offices as the authority deems necessary or advisable, including an executive director and a secretary, and the Governor and the Advisory Budget Commission shall fix the compensation for such officers.

(b) The members of the authority shall be entitled to receive, from funds of the authority, for attendance of meetings of the authority or any committee thereof and for other services for the authority reimbursement for actual expenses as may be incurred for travel and subsistence in the performance of official duties and, as to only the members appointed by the Governor, such per diem as is allowed by law for members of other State boards, commissions and committees. The Executive Director shall administer, manage and direct the affairs and business of the authority, subject to the policies, control and direction of the authority. The secretary of the authority shall keep a record of the proceedings of the authority and shall be custodian of all books, documents and papers filed with the authority, the minute book or journal of the authority and its official seal. He shall have authority to cause copies to be made of all minutes and other records and documents of the authority and to give

certificates under the official seal of the authority to the effect that such copies are true copies, and all persons dealing with the authority may rely upon such certificates. Four members of the authority shall constitute a quorum and the affirmative vote of four member shall be necessary for any action taken by the authority, except adjournment. No vacancy in the membership of the authority shall impair the rights of a quorum to exercise all the rights and to perform all the duties of the authority.

Sec. 5. General Powers. The authority shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this Act, including, but without limiting the generality of the foregoing, the power:

(1) to adopt bylaws for the regulation of its affairs and the conduct of its business and to prescribe rules, regulations and policies in connection with the performance of its functions and duties;

(2) to adopt an official seal and alter the same at pleasure;

(3) to maintain an office in the City of Raleigh and at such other place or places as it may determine;

(7) to acquire by purchase, lease, gift or otherwise, or to obtain options for the acquisition of, any property, real or personal, improved or unimproved, and interests in land less than the fee thereof, for the construction, operation or maintenance of any project; provided that no project shall be financed hereunder unless the authority shall, in acquiring the site thereof, obtain thereby at least a leasehold interest, sufficient for the purpose, terminating not earlier than 25 years from the final maturity date of the bonds that shall be initially issued to pay any part of the cost of such project;

(8) to sell, lease, exchange, transfer or otherwise dispose of, or to grant options for any such purposes with respect to, any real or personal property or interest therein;

(11) to construct, acquire, own, repair, maintain, extend, improve, rehabilitate, renovate, furnish and equip projects and to pay all or any part of the costs thereof from the proceeds of bonds of the authority or from any contribution, gift or donation or other funds made available to the authority for such purpose;

(12) to fix, charge and collect rents, fees and charges for the use of any project; and

(13) to employ consulting engineers, architects, attorneys, real estate counselors, appraisers and such other consultants and employees as may be required in the judgment of the authority and to fix and pay their compensation from funds available to the authority therefor.

Sec. 6. Criteria and Requirements. In undertaking any project pursuant to this Act, the authority shall be guided by and shall observe the following criteria and requirements; provided that the determination of the authority as to its compliance with such criteria and requirements shall be final and conclusive:

(1) the project, in the determination of the authority, shall make a significant contribution to the economic growth of the local unit in which it shall be located, shall provide gainful employment and shall serve a public purpose by advancing the economic prosperity and the public welfare of the State and its people;

(2) the project shall not involve the relocation of an industrial or research facility existing in the State to some other part of the State unless the authority determines that there is a clear and justifiable reason therefor;

(3) no project shall be leased to any lessee which is not financially responsible and fully capable and willing to fulfill its obligations under the agreement of lease, including the obligation to pay rent in the amounts and at the times required, the obligation to operate, repair and maintain at its own expense the project leased and to serve the purposes of the Act and such other responsibilities as may be imposed under the lease, and in determining the financial responsibility of such lessee consideration shall be given to the lessee's ratio of current assets to current liabilities, net worth, earnings trends, coverage of all fixed charges, the nature of the industry or business involved, its inherent stability, any guarantee of the obligations by some other financially responsible corporation, firm or person, and other factors determinative of the capability of the lessee, financially and otherwise, to fulfill its obligations consistently with the purposes of this Act;

(4) the local unit in which the project is to be located, in the determination of the authority, will be able to cope satisfactorily with the impact of such project and will be able to provide, or cause to be provided, when needed the public facilities, including utilities, and public services that will be necessary for the construction, operation, repair and maintenance of the project and on account of any increases in population resulting therefrom; and

(5) adequate provision shall be made for the operation, repair and maintenance of the project at the expense of the lessee and for the payment of principal of and interest on the bonds and for reserves therefor.

Sec. 7. Procedural Requirements. (a) Any one or more governmental agencies may submit to the authority a proposal for financing a project, using such forms and following such instructions as may be prescribed by the authority. Such proposal shall set forth the type and location of the project and may include other information and data, available to the governmental agency or agencies submitting the proposal, respecting the

project, the proposed lessee, if any, and the extent to which such project conforms to the criteria and requirements set forth in this Act. The authority shall promptly consider every project and cooperate with any governmental agency submitting any such proposal. The authority may request governmental agencies to provide such information and data as the authority may deem pertinent, and governmental agencies are authorized to provide to the authority any information or data available to them and otherwise to render assistance to and cooperate with the authority in carrying out the purposes of this Act. The authority may also request any proposed lessee of any project to provide information and data respecting the project and such lessee. The authority is authorized to make or cause to be made, in cooperation with governmental agencies to the fullest extent feasible, such investigations, surveys, studies, reports and reviews as in its judgment are necessary and desirable to determine the feasibility and desirability of the project, the extent to which the project contributes to the development and advancement of the prosperity and economic welfare of the State, and, as to the proposed lessee, the experience, background, past and present financial condition, record of earnings, credit standing, present and future markets and prospects and the integrity and capability of the management of such lessee, the extent to which the project or such proposed lessee otherwise conform to the criteria and requirements of this Act, and such other factors as may be deemed relevant or convenient in carrying out the purposes of this Act.

(b) If the authority determines that the project is feasible and desirable and that the criteria and requirements of this Act may be complied with in undertaking and financing such project, the authority shall promptly notify the local unit in which the project is to be located and request the approval of the project by the governing body of the local unit. For the purpose of determining whether to approve the project, the governing body of such local unit may in its discretion or shall, at the request of the authority, hold a public hearing within the boundaries of the local unit after giving notice of such hearing by one publication thereof, in a newspaper of general circulation in the local unit, at least 10 days before such hearing. The governing body of the local unit and a representative or representatives of the authority shall attend such public hearing to provide information and otherwise hear and consider the comments and suggestions made at such hearing. No further action respecting such project shall be taken by the authority unless the governing body of the local unit shall adopt (after the public hearing, if one shall be held) a resolution approving the project and requesting the authority to finance and carry out the project.

Sec. 8. Agreements of Lease. No project financed under the provisions of this Act shall be operated by the authority or any other governmental agency; provided, that the authority may temporarily operate or cause to be operated all or any part of a project to protect its interest therein pending any leasing of such project in accordance with this Act. The authority shall lease a project or projects to one or more persons, firms or private corporations for operation and maintenance in such manner as shall effectuate the purposes of this Act, under an agreement of lease

in form and substance not inconsistent herewith. Any such agreement of lease may provide, among other provisions, that:

(1) the lessee shall, at its own expense, operate, repair and maintain the project or projects leased thereunder;

(2) the rent payable under the lease shall in the aggregate be not less than an amount sufficient to pay all of the interest, principal and redemption premiums, if any, on the bonds that shall be issued by the authority to pay the cost of the project or projects leased thereunder;

(3) the lessee shall pay all other costs incurred by the authority in connection with the financing, construction and administration of the project or projects leased, except as may be paid out of the proceeds of bonds or otherwise, including, but without limitation, insurance costs, the cost of administering the bond resolution authorizing such bonds and any trust agreement securing the bonds and the fees and expenses of trustees, paying agents, attorneys, consultants and others;

(4) the term of the lease shall terminate not earlier than the date on which all such bonds and all other obligations incurred by the authority in connection with the project or projects leased thereunder shall be paid in full, including interest, principal and redemption premiums, if any, or adequate funds for such payment shall be deposited in trust; and

(5) the lessee's obligation to pay rent shall not be subject to cancellation, termination or abatement by the lessee until such payment of the bonds or provision for such payment shall be made. Such agreement of lease may contain such additional provisions as in the determination of the authority are necessary or convenient to effectuate the purposes of this Act, including provisions for extensions of the term and renewals of the lease and vesting in the lessee an option to purchase the project or projects leased thereunder pursuant to such terms and conditions consistent with this Act as shall be prescribed in the lease; provided, that, except as may otherwise be expressly stated in the agreement of lease to provide for any contingencies involving the destruction or condemnation of the project or projects leased, or any substantial portion thereof, such option to purchase may not be exercised until the expiration of a period of not less than 10 years from the date the final installment of the first year's rent under the lease shall be paid by the lessee and until all bonds issued for such project or projects, including all interest and redemption interest and redemption premiums, if any, and all other obligations incurred by the authority in connection with such project or projects shall have been paid in full or sufficient funds shall have been deposited in trust for such payment; and provided further that the purchase price of such project or projects shall not be less than the increase, if any, from the date the lease becomes legally effective to the date of the lessee's exercise of the option in the value of all of the authority's interest in the site or sites of such project or projects, whether such interest be in fee, a leasehold or other lesser estate, as determined for the purposes of and in conformity with the provisions of the next succeeding Section.

Sec. 9. Tax Exemption; Payments in Lieu of Taxes. (a) The exercise of the powers granted by this Act in all respects will be for the benefit of the people of the State, for the increase of their industry and prosperity, for the provision of gainful employment and for the improvement of their

health and living conditions and will constitute the performance of essential public functions, and the authority shall not be required to pay any taxes on any project or any other property owned by the authority under the provisions of this Act or upon the income therefrom, and the bonds issued under the provisions of this Act, their transfer and the income therefrom (including any profit made on the sale thereof), shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes. Nothing in this Section, however, shall be construed as exempting from taxation or assessments the leasehold interest of any lessee in any project or any other property or interest owned by any lessee.

(b) The agreement for the authority's leasing of any project shall require that the lessee thereunder shall pay each year, in addition to all other obligations, an amount equal to the total amount of ad valorem taxes that would otherwise be levied upon the property owned and leased by the authority thereunder which is exempted from taxation. The agreement of lease shall require the lessee to covenant and agree that, for the purposes of this Section and during the term of such lease, the amount of such annual payment in lieu of taxes, the time, method and place of payment thereof, its apportionment to the various local government taxing units entitled thereto, the procedures and the rights of review and appeal of the lessee shall, to the fullest extent appropriate, be deemed to be the same as if such payment were an ad valorem tax payment and as if the property of the authority leased by the lessee thereunder were actually owned by the lessee and legally subject to ad valorem taxation under applicable law, including particularly the Machinery Act, G. S. §§ 105-271 to 105-398, inclusive, as amended, and further to covenant and agree that the lessee shall file a tax list, listing such property in the name of, and as if owned by, the lessee (referring expressly therein to this Section) in the form and manner and at the place or places and at the time or times required under said Machinery Act for the listing of real and personal property in the local unit subject to ad valorem taxation. Upon the execution of any such agreement of lease, the property of the authority leased thereunder to the lessee during the term of such lease shall be treated (but only for the purposes of this Section) as if it were subject to ad valorem taxation and, pursuant to the Machinery Act, said property shall be listed, appraised, assessed and revalued and shall be subject to the imposition of an amount in lieu of taxes equal to the ad valorem taxes that would otherwise be levied against such property if it were actually owned by the lessee and the lessee shall be deemed to be, for the purposes hereof, the owner of such property and to have such rights of review and appeal respecting such property as are vested in owners of property subject to ad valorem taxation under applicable law. The amount imposed in lieu of taxes against such property shall constitute the amount of payment in lieu of taxes required to be made by the lessee hereunder and such amount shall be imposed and collected in the same manner and at such time as ad valorem taxes under said Machinery Act, and shall be apportioned and made available to the local government taxing units that would have been entitled thereto if such payment were a tax payment on such property, and may be used for the same purposes for which ad

valorem property tax proceeds may be lawfully used by such taxing units, to be expended pro rata for purposes for which the unit levies property taxes.

Sec. 10. Construction Contracts. Contracts for the construction of the project may be awarded by the authority in such manner as in its judgment will best promote free and open competition, including advertisement for competitive bids in a newspaper of general circulation in the local unit in which the project is to be located; provided, however, that if the authority shall determine that the purposes of the Act will thereby be more effectively served, the authority in its discretion may award contracts for the construction of any project, or any part thereof, upon a negotiated basis as determined by the authority. The authority shall prescribe such bid security requirements and other procedures in connection with the award of such contracts as in its judgment shall protect the public interest. The authority may by written contract engage the services of the lessee or prospective lessee of any project in the construction of such project and may provide in such contract that the lessee or prospective lessee may act as an agent of, or an independent contractor for the authority for the performance of the functions described therein, subject to such conditions and requirements, consistent with the provisions of this Act, as shall be prescribed in such contract, including such functions as the acquisition of the site and other real property for such project, the preparation of plans, specifications and contract documents, the award of construction and other contracts upon a competitive or negotiated basis, the construction of such project, or any part thereof, directly by such lessee or prospective lessee, the inspection and supervision of construction, the employment of engineers, architects, builders and other contractors and the provision of money to pay the cost thereof pending reimbursement by the authority. Any such contract may provide that the authority may, out of proceeds of bonds, make advances to or reimburse the lessee or prospective lessee for its costs incurred in the performance of such functions and shall set forth the supporting documents required to be submitted to the authority and the reviews, examinations and audits that shall be required in connection therewith to assure compliance with the provisions of this Act and such contract.

Sec. 11. Conflict of Interest. No officer, member, agent or employee of the authority, the State or any local unit shall be interested either directly or indirectly in any contract with the authority or in the sale of property, real or personal, to the authority for the purposes of the project; provided, however, that this Section shall not apply to any interest which the authority determines is so minor as not to be within the purview of the purpose of this Section. If any such officer, member, agent or employee shall have any interest in real property acquired prior to the determination of the location of any project, such interest shall immediately be disclosed to the authority and shall be set forth in the minutes of the authority, and the officer, member, agent or employee having any interest therein shall not participate on behalf of the authority in the acquisition of such property by the authority.

Sec. 12. Authorization of Funds for Initial Expenditures. In order to enable the authority to organize and commence its operations under

the Act, the Governor and the Council of State are authorized to transfer to the authority out of the contingency and emergency fund not otherwise obligated such amount or amounts as the Governor and the Council of State shall deem necessary to enable the authority to organize and to pay the expenses of administration during the first two years of the authority's operations.

Sec. 13. Credit of State Not Pledged. (a) Bonds issued under the provisions of this Act shall not be deemed to constitute a debt, liability or obligation of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the revenues and other funds provided therefor. Each bond issued under this Act shall contain on the face thereof a statement to the effect that the authority shall not be obligated to pay the same nor the interest thereon except from the revenues, proceeds and other funds pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds.

(b) Expenses incurred by the authority in carrying out the provisions of this Act may be made payable from funds provided pursuant to this Act and no liability or obligation shall be incurred by the authority hereunder beyond the extent to which moneys shall have been so provided.

Sec. 14. Bonds. (a) The authority is hereby authorized to provide for the issuance, at one time or from time to time, of industrial revenue bonds of the authority for the purpose of paying all or any part of the cost of any project or projects. The bonds shall be designated, subject to such additions or changes as the authority deems advisable, "North Carolina Industrial Development Financing Authority Revenue Bonds, ... Series", inserting in the blank space the name of the local unit in which shall be located the project for which the bonds are to be issued. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The authority may also provide for the authentication of the bonds by a trustee or fiscal agent. The bonds may be issued in coupon or in registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both

principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effectuate the purposes of this Act.

(b) The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project or projects, or portion or portions thereof, for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by reason of increased construction costs or error in estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficiency, and, unless otherwise provided in the bond resolution or in the trust agreement, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, such excess shall be deposited to the credit of the sinking fund for such bonds, or, if so provided in such resolution or trust agreement, may be applied to the payment of the cost of any additional project or projects.

(c) Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

(d) Bonds may be issued under the provisions of this Act without obtaining, except as otherwise expressly provided in this Act, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Act and the provisions of the resolution authorizing the issuance of such bonds or the trust agreement securing the same.

Sec. 15. Trust Agreement. In the discretion of the authority any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the fees, rents, charges, proceeds from the sale of any project, or part thereof, insurance proceeds, condemnation awards and other funds and revenues to be received therefor, but shall not convey or mortgage any project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition of property and the con-

struction, improvement, maintenance, repair, operation and insurance of the project or projects in connection with which such bonds shall have been authorized, the fees, rents and other charges to be fixed and collected, the sale of any project, or part thereof, or other property, the terms and conditions for the issuance of additional bonds, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the authority. Any such trust agreement or resolution may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the project or projects in connection with which bonds are issued or as an expense of administration of such project or projects, as the case may be.

Sec. 16. Revenues. (a) The authority is hereby authorized to fix and to collect fees, rents and charges for the use of any project or projects, and any part or section thereof, and to contract with any person, partnership, association or corporation respecting the use thereof. The authority may require that the lessee or users of any project, or any part thereof, shall operate, repair and maintain the project and shall bear the cost thereof and other costs of the authority in connection with the project or projects leased, as may be provided in the agreement of lease or other contract with the authority, in addition to other obligations imposed under such agreement or contract.

(b) The fees, rents and charges shall be so fixed as to provide a fund sufficient, with such other funds as may be made available therefor, to pay the principal of and the interest on such bonds as the same shall become due and payable and to create reserves for such purposes. The fees, rents and charges and all other revenues and other proceeds derived from the project or projects in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. The fees, rents, charges and other revenues and moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties

have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the authority. The use and disposition of money to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

Sec. 17. Trust Funds. Notwithstanding any other provisions of law to the contrary, all money received pursuant to the authority of this Act, whether as proceeds from the sale of bonds, sale of property, insurance or condemnation awards, or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Act. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustees of such money and shall hold and apply the same for the purposes hereof, subject to such regulations as this Act and such resolution or trust agreement may provide.

Sec. 18. Remedies. Any holder of bonds issued under the provisions of this Act or any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution authorizing the issuance of such bonds, or under any agreement of lease or other contract executed by the authority pursuant to this Act, and may enforce and compel the performance of all duties required by this Act or by such trust agreement or resolution to be performed by any lessee or the authority or by any officer thereof, including the fixing, charging and collecting of fees, rents and charges.

Sec. 19. Negotiable Instruments. Notwithstanding any of the foregoing provisions of this Act or any recitals in any bonds issued under the provisions of this Act, all such bonds and interest coupons appertaining thereto shall be and are hereby made negotiable instruments under the laws of this State, subject only to the provisions for registration in any resolution authorizing the issuance of such bonds or any trust agreement securing the same.

Sec. 20. Bonds Eligible for Investment. Bonds issued by the authority under the provisions of this Act are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for

any purpose for which the deposit of bonds or obligations of the State is now or may hereafter be authorized by law.

Sec. 21. Revenue Refunding Bonds. (a) The authority is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the authority for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this Act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the authority, for either or both of the following additional purposes: (i) constructing improvements, additions, extensions or enlargements of the project or projects in connection with which the bonds to be refunded shall have been issued, and (ii) paying all or any part of the cost of any additional project or projects. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the authority in respect to the same shall be governed by the provisions of this Act which relate to the issuance of revenue bonds, insofar as such provisions may be appropriate therefor.

(b) Revenue refunding bonds issued under this Section may be sold or exchanged for outstanding bonds issued under this Act and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding bonds. Revenue refunding bonds may be issued, in the determination of the authority, at any time not more than five years prior to the date of maturity or maturities or the date selected for the redemption of the bonds being refunded thereby. Pending the application of the proceeds of such refunding bonds, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the bonds being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding bonds or in the trust agreement securing the same, to the payment of any interest on such refunding bonds and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holder thereof, at the option of such holder, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended.

Sec. 22. Reversion to Local Unit. When all revenue bonds issued for any project by the authority under the provisions of this Act, including interest and redemption premiums, if any, and other costs incurred by the authority therefor shall have been paid, or a sufficient amount for such payment shall have been deposited in trust for the benefit of the holders of such bonds and others entitled thereto, the authority shall convey by quitclaim deed to the local unit in which such project is located, with the consent of the governing body of such local unit, all of the interest of the authority in such project, subject to any agreement of lease, including renewal and option to purchase provisions therein, and any other covenants, limitations, liens and other encumbrances affecting the project. Any

property so conveyed may be administered and used by the local unit for the purposes of this Act or any other lawful purpose.

Sec. 23. Annual Reports. The authority shall, promptly following the close of each fiscal year, submit an annual report of its activities for the preceding year to the Governor and the General Assembly. Each such report shall set forth a complete operating and financial statement covering the operations of the authority during such year. Sec. 2. In calling for such special liquor election, the said governing body shall give at least 30 days' public notice of the same prior to the opening of the registration books, and said registration books shall remain open for the same period of time before such special liquor election as is required by law for them to remain open for a regular municipal election. S. B. 393 CHAPTER 560

AN ACT REWRITING G. S. 106-446 RELATING TO ASSESSMENTS ON COTTON AND FARM PRODUCTS UNDER THE NORTH CAROLINA AGRICULTURAL WAREHOUSE ACT.

The General Assembly of North Carolina do enact:

Section 1. G. S. 106-446 is rewritten in its entirety to read as follows:

"§ 106-446. State Not Liable on Warehouse Debts; Levy on Cotton or Levy on Grain and Soybeans Levied if Loss is Sustained. No debt or other liability shall be created against the State by reason of the lease or operation of the Warehouse System created by this Article or the storage of cotton or other agricultural commodities therein, it being the purpose of this Article to establish a self-sustaining system to operate as nearly as practicable at cost, without profit or loss to the State, except that expenses of supervision shall be paid by the Board of Agriculture. While it is believed that the provisions and safeguards mentioned in this Article, including the bonds required and supplemental indemnifying or guarantee fund mentioned in G. S. 106-435, will insure the security of the system beyond any reasonable possibility of loss, nevertheless, in order to establish the principle that this system should be supported by those for whose special financial benefit it is established, it is hereby provided that in the eventuality the system should suffer at any time any loss not fully covered by the aforementioned bonds and indemnifying fund, the State Board of Agriculture shall have the power to make such losses on cotton good by repeating for another 12 months selected by it the special levy on ginned cotton, as prescribed in G. S. 106-435 for the two years ending June 30, 1923 and the State Board of Agriculture shall have the power to make good such losses on soybeans, corn, wheat and grain sorghum by levying an assessment of one cent (1¢) per bushel on each bushel of soybeans, corn, wheat, and grain sorghum sold by producers through commercial channels for such period of time as is necessary to pay off said loss. The assessment shall be paid by the producer of the soybeans, corn, wheat and grain sorghum to the collecting handler. The collecting handler shall be any person, firm, corporation or other legal entity who purchases soybeans, corn, wheat or grain sorghum from the producer. The collecting handler shall collect the assessment at the time he first makes any payment or any credit to the producer's account for the soybeans, corn, wheat or grain sorghum. Each collecting handler shall transmit assessment and reports on assessments to the North Carolina Department of Agriculture no later than the tenth day of the month next following the month in which the assessment was or should have been levied. The report which shall be sent to the Department of Agriculture with the assessment shall contain the following information: (1) date of report; (2) reporting

period covered by report; (3) name and address of collecting handler; (4) listing of all producers from whom the collecting handler collected the assessment, and total number of bushels of each grain for each producer on which the collecting handler collected the assessment. Failure of the collecting handler to collect the assessment shall not relieve the collecting handler of his obligation to remit the assessment to the North Carolina Department of Agriculture. Each collecting handler required to make reports pursuant to this Article shall maintain such books and records as are required by the Commissioner of Agirculture or his authorized representative, and they shall be available for inspection for at least two years beyond the 12-month period of their applicability. The North Carolina Department of Agriculture shall have authority to make reasonable rules and regulations for the collection of this assessment and for the enforcement of this Act. The funds collected pursuant to this Act shall be held in the State Treasury to the credit of the State Warehouse System and shall be a part of the guarantee fund provided for in G. S. 106-435."

Sec. 2. All laws and clauses of laws in conflict with this Act are hereby repealed.

Sec. 3. This Act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 23rd day of May, 1967.

An obligation may be issued as subordinated to payment of another obligation of the person obligated, or a creditor may subordinate his right to payment of an obligation by agreement with either the person obligated or another creditor of the person obligated. Such a subordination does not create a security interest as against either the common debtor or a subordinated creditor. (b) A warehouseman's lien on household goods for charges and expenses in relation to the goods under subsection (1) is also effective against all persons if the depositor was the legal possessor of the goods at the time of deposit. "Household goods" means furniture, furnishings and personal effects used by the depositor in a dwelling."

(c) Where the holder of a security interest with respect to the property stored, or any part thereof, has instituted appropriate legal proceedings for the recovery of possession of property, such holder shall be entitled to possession under the writ or other process upon payment of a fair fractional portion of the total storage charges reasonably allocable to the storage of the property described in the writ or other process.

"(2) Said Clerk of Superior Court is liable on his official bond for the safekeeping of money so received until it is paid to the party or parties entitled thereto, or until it is paid out under the order of a court of competent jurisdiction."

(e) Include any other provisions required by the security agreement to be included therein; and

"§ 25-9-603. Posting and Mailing Notice of Sale. "(3) In addition to mailing a copy of the notice of sale to each debtor, the secured party or other party holding such sale shall, except in the case of consumer goods, also mail a copy of said notice by registered or certified mail to any other secured party and any other party who has filed with him a written request for such notice, at the address set forth in said Request for Notice."

"§ 25-9-604. Exception as to Perishable Property. If, in the opinion of a secured party about to conduct a public sale of personal property hereunder, the property is perishable because subject to rapid deterioration or threatens to decline speedily in value, he may report such fact, together with a description of the property to the Clerk of the Superior Court of the county in which the property is to be sold, and apply for authority to sell the property at an earlier date than is provided in this Article. Upon the clerk's determination that the property is such perishable or speedily depreciating property, he shall order a sale thereof to be held at such time and place and upon such notice, if any, as he deems advisable."

"§ 25-9-605. Postponement of Public Sale. (1) Any person exercising a power of sale or conducting a public sale hereunder may postpone the sale to a day certain not later than six days, exclusive of Sunday, after the original date for the sale:

(a) When there are no bidders, or

(b) When, in his judgment, the number of prospective bidders at the sale is substantially decreased by inclement weather or by any casualty, or

(c) When there are so many other sales advertised to be held at the same time and place as to make it inexpedient and impracticable in his judgment, to hold the sale on that day, or

(d) When he is unable to hold the sale because of illness or for other good reason, or

(e) When other good cause exists.

"(2) Upon postponement of a public sale, the person exercising the power of sale shall personally, or through his agent or attorney:

(a) At the time and place advertised for the sale, publicly announce the postponement thereof, and

(b) On the same day, attach to or enter on the original notice of sale or a copy thereof, posted on the bulletin board provided therefor, as provided by G. S. 25-9-603, a notice of the postponement.

"(3) The posted notice of postponement shall:

(a) State that the public sale is postponed,

(b) State the hour and date to which the public sale is postponed,

(c) Substantially state the reason for the postponement, and

(d) Be signed by the person authorized to hold the public sale, or by his agent or attorney.

"(4) If a public sale is not held at the time fixed therefor and is not postponed as provided by this Section, or if a postponed sale is not held at the time fixed therefor, the person authorized to hold the public sale may readvertise the property in the same manner as he was required to advertise the sale which was not held, and may hold a public sale at such later date as is fixed in the new notice of sale."

"§ 25-9-606. Procedure upon Dissolution of Order Restraining or Enjoining Sale. (1) When, before the date fixed for a sale, a judge dissolves an order restraining or enjoining the sale, he may, if the required notice of sale has been given, as provided in G. S. 25-9-603, provide by order that the public sale shall be held without additional notice at the time and place originally fixed therefor; or he may, in his discretion, make an order with respect thereto as provided in subsection (2).

"(2) When, after the date fixed for a public sale, a judge dissolves an order restraining or enjoining said sale, he shall, by order, fix the time and place for the sale to be held upon notice to be given and in such manner and for such length of time as he deems advisable."

"§ 25-9-607. Disposition of Proceeds of Sale. The proceeds of any sale or other disposition of the collateral shall be applied by the person making the sale in the manner prescribed by § 25-9-504(1) and (2), § 25-9-504.1 and § 25-9-504.2."

(5) G. S. 25-10-105 is hereby repealed.

Sec. 4. Chapter 6 of the General Statutes is hereby amended by inserting therein the following Section.

"§ 6.21.2. Attorneys' Fees in Notes, Etc., in Addition to Interest. Obligations to pay attorneys' fees upon any note, conditional sale contract or other evidence of indebtedness, in addition to the legal rate of interest or finance charges specified therein, shall be valid and enforceable, and collectible as part of such debt, if such note, contract or other evidence of indebtedness be collected by or through an attorney at law after maturity, subject to the following provisions:

(1) If such note, conditional sale contract or other evidence of indebtedness provides for attorneys' fees in some specific percentage of the 'outstanding balance' as herein defined, such provision and obligation shall be valid and enforceable up to but not in excess of fifteen per cent (15%) of said 'outstanding balance' owing on said note, contract or other evidence of indebtedness.

(2) If such note, conditional sale contract or other evidence of indebtedness provides for the payment of reasonable attorneys' fees by the debtor, without specifying any specific percentage, such provision shall be construed to mean fifteen per cent (15%) of the 'outstanding balance' owing on said note, contract or other evidence of indebtedness.

(3) As to notes and other writing(s) evidencing an indebtedness arising out of a loan of money to the debtor, the 'outstanding balance' shall

mean the principal and interest owing at the time suit is instituted to enforce any security agreement securing payment of the debt and/or to collect said debt.

(4) As to conditional sale contracts and other such security agreements which evidence both a monetary obligation and a security interest in or a lease of specific goods, the 'outstanding balance' shall mean the 'time price balance' owing as of the time suit is instituted by the secured party to enforce the said security agreement and/or to collect said debt.

(5) The holder of an unsecured note or other writing(s) evidencing an unsecured debt, and/or the holder of a note and chattel mortgage or other security agreement and/or the holder of a conditional sale contract or any other such security agreement which evidences both a monetary obligation and a security interest in or a lease of specific goods, or his attorney at law, shall, after maturity of the obligation by default or otherwise, notify the maker, debtor, account debtor, endorser or party sought to be held on said obligation that the provisions relative to payment of attorneys' fees in addition to the 'outstanding balance' shall be enforced and that such maker, debtor, account debtor, endorser or party sought to be held on said obligation has five days from the mailing of such notice to pay the 'outstanding balance' without the attorneys' fees. If such party shall pay the 'outstanding balance' in full before the expiration of such time, then the obligation to pay the attorneys' fees shall be void, and no court shall enforce such provisions."

"Notwithstanding the foregoing, however, if debtor has defaulted or violated the terms of the security agreement and has refused, on demand, to surrender possession of the collateral to the secured party as authorized by § 25-9-503, with the result that said secured party is required to institute an ancillary claim and delivery proceeding to secure possession of said collateral; no such written notice shall be required before enforcement of the provisions relative to payment of attorneys' fees in addition to the 'outstanding balance'."

The General Assembly of North Carolina do enact:

Section 1. There is hereby created a body corporate and politic to be known as the Pitt County-City of Greenville Airport Authority, hereinafter referred to as the "Authority". Said Authority shall be a political subdivision for all the purposes of Chapter 63 of the General Statutes and shall have all the powers conferred upon political subdivisions by such Chapter. Each member so appointed shall hold office until his successor is appointed and is qualified. It shall be the duty of each governing body to make such original appointment within 30 days after adoption of its resolution to become a participating member, and to fill any vacancy not later than 60 days after such vacancy shall occur. A failure to make any appointment or fill any vacancy within the prescribed period of time shall not affect the validity of any appointment made. The fifth member shall be appointed by the four members appointed by the respective governing bodies; he shall be a resident of the County of Pitt and/or the City of Greenville and shall serve for a period of one year from the date of his appointment. The fifth member appointed as heretofore provided shall serve as the Secretary of the Authority. Sec. 5. The Authority may, from time to time, prepare and submit a plan or plans with respect to additional land acquisition, additional construction, enlargement or improvement to the airport and landing field or the further equipping thereof to the governing body of the County and the governing body of the City. Sec. 6. The County and the City, severally are hereby authorized to issue their notes, bonds or other certificates of indebtedness to pay as their share, one-half of the cost of acquiring real property to be jointly owned by the County and the City for any airport or landing field to be constructed, enlarged, improved, maintained, equipped or operated by the Authority, and of grading of such real property, and constructing drainage facilities suitable therefor, and constructing or reconstructing or enlarging buildings or acquiring or installing equipment or making other improvements necessary or suitable for the maintenance or operation of such airport, landing field, or airport facilities and to pay said obligations and the interest thereon, by levying ad valorem taxes in an amount sufficient to pay said obligations and the interest thereon when due, provided a majority of the qualified voters in the respective County and City approve the same at an election called and held for any or all of said purposes. Each of said purposes is hereby determined to be a special purpose within the meaning of Section 6 of Article V of the Constitution of North Carolina and a special approval of the General Assembly is hereby given to the issuance of such obligations by the County or the City for any of said purposes and for the levy of taxes for the payment of such obligations and the interest thereon.

Sec. 7. The Authority may sue and be sued, have a seal and alter it at pleasure, make bylaws for the management and regulation of its affairs, make contracts and execute all instruments necessary or proper thereto and do all things necessary and proper to carry out the purposes of the Authority. Provided, however, that neither the Authority nor the members thereof shall have the authority to pledge the credit of the County or the City nor sell any property owned by the County or the City without the approval of the County or the City.

Sec. 9. Real and personal property necessary to operate the airport, landing field, or adjoining grounds may be acquired by the County and the City by gift, devise, lease or purchase provided such purchase is approved by both governing bodies of the County and the City and if said governing bodies are able to agree with the owners on the terms thereof. The County and the City shall also have the right to acquire property for such purpose or purposes set out above under the power of eminent domain for public purposes as provided by Section 63-5 and 63-6 of the General Statutes of North Carolina and except for the authority to hold title to real property, the Authority shall have all of the powers conferred upon governing bodies of municipalities by Chapter 63 of the General Statutes of North Carolina. The purchase price or award for property acquired for airport, landing field or adjoining grounds may be paid from appropriation of monies legally available therefor, or by the application of any funds derived by the County or the City, from federal funds or any other legally available source.

Sec. 10. All lands acquired, owned, controlled or occupied by the County and the City and operated and maintained by the Authority for the purposes enumerated in this Act shall and are hereby declared to be acquired, owned, controlled and occupied for a public purpose.

Sec. 11. The Authority shall have the authority to adopt reasonable rules and regulations for the safety zoning of the airport and landing field, including the power to regulate the height of buildings, towers, trees and other obstructions within a reasonable radius thereof, in order to comply with any rules and regulations of the Civil Aeronautics Board, the Federal Aviation Agency, or other successor federal agency relating thereto. The Authority shall also have the authority to adopt reasonable rules and regulations in accordance with the Model Zoning Act as provided in Section 63-29 through 63-37 of the General Statutes of North Carolina and shall have the authority to institute an action in any court of competent jurisdiction seeking enforcement of the rules and regulations as provided in Section 63-35 of the General Statutes of North Carolina.

Sec. 12. Title to the property acquired by the County and the City and designated for the use of the Authority for airport or landing field purposes shall be vested in the governing bodies of the County and the City, as joint tenants; but, in the event of dissolution of the Authority and the liquidation or sale of the property any proceeds derived from such liquidation or sale shall be paid to the County and the City in the proportion of their respective contributions, and their interest in the real property.

The Authority shall have authority to deal and contract with the Civil Aeronautics Board, the Federal Aviation Agency or any successor agency of the United States or any other representative or agency of the United States relative to the acquiring, grading, constructing, equipping, improving, maintaining and operating of an airport or landing field established or acquired by the County and City under the authority of this Act.

Sec. 14. Three members of the Authority shall constitute a quorum for the purpose of conducting the business and exercising its powers and for all other purposes, except that one member present at a meeting may adjourn the same from time to time until a quorum is obtained. Each member of the Authority, including the chairman, shall have one vote. The affirmative vote of three members shall be necessary for any action taken by the Authority. At the first meeting of the Authority, and annually thereafter, it shall elect from its members a chairman and a treasurer. The treasurer shall execute an adequate surety bond in an amount to be fixed from time to time by the Authority. The premium on the surety bond shall be paid by the Authority. The Authority is authorized to employ such persons, including a general counsel and attorneys, as it may deem necessary to exercise its powers, duties and functions. The qualifications, terms of office, duties, services and compensation of such personnel shall be determined by the Authority. The Authority shall meet at such places and times as prescribed by the bylaws of the Authority.

Sec. 15. Members of the Authority who are not full-time officials or full-time members of the governing body of either the City or County shall be paid an amount per diem to be fixed by the Authority for each day served in attending the meetings of said Authority, and in addition thereto, the members shall be reimbursed for necessary expenses incurred in the discharge of their duties including reimbursement for travel expenses at the same rate per mile allowed by the State to State employees when such members use their personally owned automobiles.

Sec. 16. A member of the Authority shall not be considered a public officer or as a person holding office within the meaning of Article XIV, Section 7, of the Constitution of North Carolina. "§ 153-53. Inspection of Local Confinement Facilities. Personnel of the department shall visit and inspect each local confinement facility at least semiannually for the purpose of looking into the conditions of confinement and treatment of prisoners, and determining whether such facilities meet the minimum standards published under G. S. 153-52. A written report of each inspection shall be made within 30 days after the inspection to the governing body and other officials of local government responsible

for the local confinement facility. This report shall specify those respects in which the local confinement facility does not meet the required minimum standards. After receipt of this report, the governing body shall consider the report at its next regular public meeting, and shall initiate the necessary corrective action in any case where the local confinement facility does not meet specified minimum standards.

"§ 153-53.1. Enforcement of Minimum Standards. If an inspection under G. S. 153-53 discloses that a local confinement facility does not meet the minimum standards established under G. S. 153-52, and if the Commissioner considers that the conditions in such local confinement facility jeopardize the safe custody, safety, health, or welfare of prisoners confined therein: (a) he shall so notify the governing body and other officials of the local government unit responsible for the local confinement facility. A copy of this notice, together with a copy of the written report of the inspection required under G. S. 153-53, shall also be sent to the Senior Regular Resident Superior Court Judge for the district in which the local confinement facility is located. The governing body shall call a special public meeting to consider this report, and the inspectional personnel shall appear at this public meeting to advise and consult with the governing body concerning appropriate corrective action.

"(b) The governing body shall initiate appropriate corrective action within 30 days or may voluntarily close the local confinement facility. Such corrective action shall be completed within a reasonable period of time.

"(c) If the governing body fails to initiate corrective action within 30 days after receipt of the report of inspection, or fails to correct the disclosed conditions within a reasonable period of time, the Commissioner of Public Welfare may order that the local confinement facility be closed. The governing body, the Senior Regular Resident Superior Court Judge, and other responsible local officials shall be notified by registered mail of the Commissioner's order closing a local confinement facility. Such an order shall be effective immediately.

"(d) A governing body shall have the right to appeal to the Senior Regular Resident Superior Court Judge from an order of the Commissioner which requires that a local confinement facility be closed. Notice of intention to appeal shall be given by registered mail to the Commissioner and to the Senior Regular Resident Superior Court Judge within 15 days after receipt of the Commissioner's order. The right of appeal shall be deemed waived if notice is not given as herein provided.

"(e) The appeal hearing shall be before the Senior Regular Resident Superior Court Judge who shall cause proper and sufficient notice of the date, time, and place of the appeal hearing to be given to all interested parties, including the Commissioner, the governing body, and other local officials. The hearing shall be conducted by the judge without a jury, consistent with principles of due process of law and fundamental fairness. The Commissioner and members of the department, members of the governing body, and other responsible local officials, shall have a right to be present at the appeal hearing to present evidence which the court deems appropriate. The issue shall be whether the local confinement

facility met the required minimum standards on the date of the last inspection. The court may affirm, reverse, or modify the Commissioner's order.

"§ 153-53.2. Supervision of Local Confinement Facilities. (a) It shall be unlawful for prisoners to be confined in a local confinement facility unless personnel are present and available to provide continuous supervision so that custody will be secure and so that the prisoners can be protected in case of emergencies, such as fire, illness, assaults by other prisoners, or other emergencies. The personnel responsible for supervision of local confinement facilities shall have a legal duty to supervise prisoners closely enough to maintain safe custody and control and to be informed of their general health and emergency medical needs at all times.

"(b) In case of medical emergency, such supervisory personnel shall secure emergency medical care from a licensed physician according to the plan for medical care provided by the governing body under G. S. 153-53.3. If the physician designated by the medical plan of the governing body is not available, such personnel shall secure medical services through any licensed physician who is available. The cost of such medical services shall be paid by the unit of local government operating the local confinement facility.

"(c) Violation of the provisions of this Section shall be a general misdemeanor, punishable according to law.

"§ 153-53.3. Medical Care of Prisoners. (a) The governing body of any unit of local government which operates a local confinement facility shall develop a plan for providing medical care for prisoners in its confinement facility. This plan shall be developed in consultation with and upon the advice of appropriate local officials or organizations, including the sheriff, the county or municipal physician, the local or district health director, and the local medical society. This plan shall be designated to protect the health and welfare of prisoners and to avoid the spread of contagious disease. This plan shall include provisions for the services of a licensed physician specifically responsible for the medical services for prisoners required by law under G. S. 130-97 and G. S. 130-121 and shall include compensation by the governing body for such services. This plan shall further provide for medical supervision of prisoners and emergency medical care for prisoners which are deemed necessary for their health and welfare. This medical plan shall be subject to the approval of the local or district health director, who shall determine whether the plan is adequate to protect the health and welfare of the prisoners confined in the local confinement facility.

"(b) In case a prisoner dies in any local confinement facility, the medical examiner and coroner shall be notified immediately and a report of the death in writing shall be made to the local or district health director and to the Commissioner within five days of the death. This report shall be made by the jailer or other personnel supervising the local confinement facility on the proper form of the State Board of Health for reporting a death in a local confinement facility. The State Board of Health shall develop and distribute a proper form for reporting a death in a local confinement facility.

"(c) Any violation of the provisions of this Section, or any violation of the provisions of G. S. 130-97 and G. S. 130-121, shall be a general misdemeanor, punishable according to law.

"§ 153-53.4. Sanitation and Food. (a) The State Board of Health shall adopt rules and regulations governing the sanitation of local confinement facilities, including kitchens, or other places where food is prepared for prisoners. These rules and regulations shall cover such matters as cleanliness of floors, walls, ceilings, storage spaces, utensils and other facilities; adequacy of lighting, ventilation, water, lavatory facilities, bedding, food protection facilities, treatment of eating and drinking utensils, and waste disposal; methods of food preparation, handling, storage, and serving; adequacy of diet; and such other items as are necessary in the interest of the health of the prisoners and the public.

"(b) The State Board of Health shall also prepare a score sheet to be used by sanitarians of local or district health departments, who shall inspect local confinement facilities as often as required by the rules and regulations of the State Board of Health. Any findings of inspectional personnel of the State Department of Public Welfare which reflect hazards or deficiencies in the sanitation or food service of a local confinement facility shall be reported immediately to the local or district health department, which shall cause a prompt inspection to be made by a sanitarian. Reports of such inspections shall be forwarded to the Department of Public Welfare, and to the governing body, on forms to be developed by the State Board of Health. Such reports shall indicate whether the local confinement facility and its kitchen is approved or disapproved for public health purposes. If a local confinement facility or its kitchen is disapproved for public health purposes, the Commissioner shall have authority to order that the local confinement facility or the kitchen or both be closed as provided in G. S. 153-53.1 (c).

"§ 153-53.5. Training of Personnel. (a) The Commissioner shall provide for a program of training for personnel responsible for the supervision and administration of local confinement facilities, including sheriff and other elected or appointed officials. Training shall be developed upon the advice of and in consultation with the State Prison Department, North Carolina Sheriffs' Association, North Carolina Association of County Commissioners, North Carolina League of Municipalities, and North Carolina Police Executives Association. Training shall be provided to the degree possible through existing educational resources in the State.

"(b) No person or elected official shall serve as jailer or supervise or administer a local confinement facility unless he has successfully completed an approved program of training under (a) above, except on a temporary or probationary basis. No person shall serve on a temporary or probationary basis for more than one year.

"§ 153-53.6. Separation of Sexes. Male and female prisoners shall be confined in separate facilities or in separate quarters in local confinement facilities.

"§ 153-53.7. District Confinement Facilities. Any two or more units of local government (county or municipal) may agree to jointly construct, finance, and operate a district confinement facility or jail. Such an agreement shall be in writing and shall specify how construction and main-

tenance costs and administrative responsibilities will be divided between units of local government. The governing bodies shall designate a jail administrator for such a district jail. Such administrator need not be the sheriff or other official of any of the participating units of local government. Any two or more units of local government may also designate an existing jail or local confinement facility as a district confinement facility under terms agreed upon in writing by the participating governing bodies. If a district confinement facility is established, the governing bodies of the participating units of local government may dispose of their separate jails or confinement facilities upon such terms as the governing bodies may decide. The department shall provide technical and other assistance to local units of government in developing district confinement facilities."

Sec. 3. G. S. 162-22 is hereby amended by changing the period at the end after the word "thereof" to a comma and adding the following phrase: "provided that the board of county commissioners of any county by and with the consent of the sheriff shall have the authority to appoint a person other than the sheriff to serve as jailer; the person appointed by a board of county commissioners as jailer shall have the care and custody of the county jail."

AN ACT TO AMEND CHAPTER 664 OF THE SESSION LAWS OF 1961, THE CHARTER OF THE TOWN OF GARNER.

The General Assembly of North Carolina do enact:

Section 1. Chapter 664 of the Session Laws of 1961 is hereby further amended by inserting between Sections 32 and 33 the following additional Sections:

"Sec. 33. Assessments for Street Improvements.

"(a) In addition to any authority which is now or may hereafter be granted by general law to the town for making street improvements, the Board of Aldermen is authorized to make street improvements, and assess the cost thereof against abutting property owners in accordance with the provisions of this Section.

"(b) The Board of Aldermen may order street improvements and assess the cost thereof, exclusive of the costs incurred at street intersections,

against the abutting property owners at an equal rate per front foot, without the necessity of a petition, upon the findings by the Board as a fact:

"(1) That the street improvement project does not exceed 1200 lineal feet, and

"(2) That such street or part thereof is unsafe for vehicular traffic and it is in the public interest to make such improvement, or

"(3) That it is in the public interest to connect two streets or portions of a street already improved, or

"(4) That it is in the public interest to widen a street or part thereof, which is already improved; provided, that assessment for widening any street or portion of street without petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the town's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Section.

"(c) For the purposes of this Section, the term 'street improvement' shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, and the construction or reconstruction of curbs, gutters and street drainage facilities.

"(d) In ordering street improvements without a petition and assessing the cost thereof under authority of this Section, the Board of Aldermen shall comply with the procedure provided by Article 9, Chapter 160 of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

"(e) The effect of the act of levying assessments under authority of this Section shall for all purposes be the same as if the assessments were levied under authority of Article 9, Chapter 160 of the General Statutes.

"Sec. 34. Establishment of Proposed Street Lines.

"(a) Whenever, in the opinion of the Board of Aldermen, it is in the best interest of the town to do so, the Board may make provision for the ultimate widening or extension or both of existing streets and for the opening of new streets, and for the gradual acquisition of the lands necessary for such improvements, in accordance with the procedure established by this Section.

"(b) Platting of Proposed Street Lines. From and after the time of adoption of a major street plan by the Board of Aldermen and the State Highway Commission pursuant to provisions of G. S. 136-66.2, the Board shall have power to request, make, or cause to be made, from time to time, surveys for the exact locating of the lines of new, extended, widened, or narrowed streets and highways in the whole or any portion of the town and the area within its outside zoning and subdivision control jurisdiction. Personnel making such surveys are empowered to enter upon lands, make examinations or surveys, and place and maintain necessary monuments thereon, at reasonable times and with due care for the property. A plat or plats of the area or areas thus surveyed shall be prepared on which are indicated the locations of the lines recommended as the planned or mapped lines of future streets, street extensions, street widenings, or street narrowings. The preparation of such plat or plats shall not in and of

itself constitute or be deemed to constitute the opening or establishment of any streets or the taking or acceptance of any land for street purposes.

"(c) Adoption of Official Map; Hearing; Notice. Following the preparation of such plats, the Board of Aldermen may officially adopt a map or maps of planned new streets and highways, extensions, widenings, narrowings, or vacations of streets within the town and the territory within its outside zoning and subdivision control jurisdiction. Before taking any such action, the Board shall hold a public hearing thereon, notice of the time and place of which shall have been given once a week for two successive weeks in a newspaper having general circulation in the town, and by posting such notice at four public places in the town and at four public places within the affected area outside of the corporate boundaries. Said notice shall be published or posted for the first time not less than 15 days prior to the date fixed for said hearing. Following adoption of such a map or maps, the Board shall certify a copy to the Register of Deeds of Wake County, which copy shall be duly filed. The placing of any street or street line upon any official map or maps shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking of acceptance of any land for street purposes.

"(d) Right of Town to Acquire Property Before Improvement. From and after the time of adoption and certification to the Register of Deeds of any such map or maps, it shall be unlawful to build upon any land within the lines of proposed streets shown thereon or to repair or otherwise improve any existing buildings within said lines until the Board of Aldermen shall have been given an opportunity to purchase or otherwise acquire said property for street purposes as provided by this Section. To that end, any person proposing to build upon such land or to make repairs or improvements to any existing building on such land shall, in writing, notify the Board of the nature and estimated cost of such building, repairs, or improvements. The Board shall then determine whether it will take the necessary steps to acquire said land prior to construction of said building or the making of said repairs or improvements. If the Board fails, within 60 days from the receipt of such notice, to acquire, adopt a formal resolution directing an appropriate officer to acquire, or institute condemnation proceedings to acquire said property, then the owner or other person giving notice may proceed to erect the building or to make the repairs or improvements described in said notice. The building inspector is authorized to withhold and refrain from issuing, for a period not exceeding 60 days from receipt by the Board of the notice herein prescribed, any building permit for the erection of any building within the said lines, or for the making of any repairs or improvements to existing buildings within said lines.

"(e) Failure to Give Said Written Notice Bars Recovery for Value of Improvements. If any person, firm or corporation builds upon any land included within said proposed street lines, or repairs or otherwise improves that part of any existing building within said lines, without giving the Board of Aldermen an opportunity to acquire said property free from improvements, as provided in this Section, the Board shall not be required to pay for the value of said building, repairs, or improvements in any

proceeding subsequently brought to acquire the land for the purpose shown on the officially adopted map or maps.

"(f) Failure of Town to Act; No Limit to Subsequent Condemnation. The failure of the Board of Aldermen to take action under (d) of this Section within 60 days after notice shall not have the effect of limiting the right of the Board at any subsequent time to condemn the land in question. In such case, however, the owner shall be entitled to full compensation as now provided by law for the building, repairs, or improvements made after the failure of the Board to take action within the prescribed period.

"Sec. 35. Acceptance of Dedications. In addition to the authority granted by G. S. 160-204 and 160-205 to acquire land for street and other purposes, the town shall have power to accept by resolution the dedication of any land or interest in land for street, utility or other town purposes, both within and without the corporate limits, whether such dedication is made or offered by deed, by recorded plat, or otherwise. Notwithstanding G. S. 136-96 or any other provision of law, the acceptance of a street or street easement by resolution adopted pursuant to this Section shall constitute a completed dedication and acceptance, and such dedication shall not thereafter be withdrawn except with written permission of the Board of Aldermen.

"Sec. 36. Corner Lot Exemptions from Water-Sewer Assessments. When water or sewerage lines, or both, are constructed along both sides of corner lots and when the cost of the lines along both sides are to be assessed under authority of G. S. 160-241, the Board of Aldermen may exempt from such assessment not more than seventy-five percent (75%) of the frontage of any side of such lots, or 150 feet, whichever is greater.

"Sec. 37. Acreage Charges for Water and Sewer Connections. In addition to Section 1 of the Charter of the Town of Garner (Chapter 664 of the Session Laws of 1961) and in addition to water and sewer service charges authorized by G. S. 160-256 and connection charges authorized by law, the Board of Aldermen may establish and collect acreage charges for making connections to the town water and sewerage systems, both within and outside the corporate limits, to aid in the financing of new water mains and sewer outfalls and the replacement or enlargement of existing mains and outfalls. Such charges shall apply uniformly to all properties to which water or sewer service is extended subsequent to the establishment of such charges; provided, the Board may establish higher acreage charges for property to be developed for commercial, institutional, or industrial use than those established for property to be developed for other uses, and may base acreage charges for residential development on the number of dwelling units per acre of land.

"Sec. 38. Contracts for Water or Sewer Extensions. Notwithstanding any provision of this Act or of any other law, the Board of Aldermen may enter contracts with any person, firm, or corporation whereby such person, firm, or corporation agrees to bear the total initial costs of water main or sewer outfall extensions, and whereby the town agrees to reimburse such person, firm, or corporation for that portion of such costs in excess of the acreage charges attributable to property owned by such person, firm, or corporation to or through which such extensions are made; provided, such

reimbursement shall be made only from revenues derived from acreage charges levied against property developed subsequent to the installation of such extensions; provided, further, nothing in this Section shall be construed so as to authorize or require the town to reimburse, or to contract to reimburse, any person, firm, or corporation for any part of the costs of installing water or sewer lines within a subdivision to serve such subdivision.

"Sec. 39. Subdivision Control. Any subdivision control ordinance adopted by the Board of Aldermen pursuant to Part 3A of Article 18 of Chapter 160 of the General Statutes may include, in addition to provisions authorized by the said Part 3A, provisions for the more orderly development of subdivisions within the town's jurisdiction as defined by G. Thereafter, all public, public-local and private laws applicable to the sale of intoxicating beverages within said Town of Coats in force and effect prior to the authorization to operate a town liquor store shall be in full force and effect the same as if such election had not been held until and unless another election is held under the provisions of this Act in which a majority of the votes shall be cast "For Town Liquor Control Store". No election shall be called and held in the Town of Coats under the provisions of this Section within three years from the holding of the last election thereunder. The General Assembly of North Carolina do enact:

Section 1. Chapter 102 of the Session Laws of 1957, as amended, is further amended as follows:

(a) By striking out Section 3 of said Chapter, and inserting in lieu thereof the following:

"Section 3. Any person who is a full-time paid member of the Albemarle Fire Department, or a volunteer member, as shown by the records of the City of Albemarle on December 31, 1962, or any person who shall become such a full-time paid member or volunteer member shall be eligible for benefits from the supplementary pension fund; provided that no such person shall be eligible for benefits from the supplementary pension fund unless or until such person has 30 years of service in the Albemarle Fire Department, or has been retired as a member of the Albemarle Fire Department under the Social Security Act or any retirement system the City of Albemarle may participate in, or has been retired because of a disability. Any disability retirement shall be on a medical board's recommendation. The board of trustees shall designate a medical board composed of three physicians. If required, other physicians may be employed in special cases. The medical board shall arrange for and make physical examinations and pass upon all medical examinations, all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it. Upon the application of a member for disability retirement he may be retired by the board of trustees not less than 30 days nor more than 90 days next following the date of filing application; provided that the medical board after a medical examination of such member shall certify that such member is mentally or physically incapacitated for further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired. Once each year during the first five years following retirement of a member on a disability retirement allowance and once in every three-year period thereafter the board of trustees may, and upon his application shall, require any disabled member who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of said member or other place mutually agreed upon, by a physician or physicians designated by the board of trustees. Should any disabled member who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the board of trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year all his rights in and to his pension may be revoked by the board of trustees. Should the medical board report and certify to the board of trustees that such disabled member is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his monthly compensation at time of disability, and should the board of trustees concur in such report, then the amount of his pension shall be reduced to an amount which together with his pension and the amount earnable by him, shall equal the amount of his monthly compensation. Should his earning capacity be later changed, the amount of his pension may be further modified. Should he be restored to full employment in the Albemarle Fire Department, or by any other employer, at a salary equal to his compensation at the time of disability, his retire-

ment shall cease.
